

Commuter Car Park Program

North Rocks

Transport for NSW | July 2022

Transport for NSW is delivering approximately 135 additional commuter car parking spaces on the corner of Barclay Road and Perry Street to provide the community of North Rocks with more convenient access to public transport and reduce congestion on our roads.

The North Rocks Commuter Car Park, on the corner of Barclay Road and Perry Street, will feature:

- a new commuter car park with approximately 135 parking spaces
- accessible parking spaces
- dedicated pathways connecting to the existing footpath on the corner of Barclay Road and Perry Street
- Transport Park&Ride infrastructure (Opal operated boom gates)
- lighting and wayfinding signage for improved safety
- provision for future electric vehicle charging spaces
- landscaping within the car park and fencing.

What is happening?

In July, construction activities will include:

- excavation and trenching work
- underboring for utility installation
- construction of retaining walls
- formwork, steel and concrete placement for new entry and exit layback and driveway
- electrical conduit installations
- NBN installation works on Perry Street
- installation of handrail/crash barriers
- pavement construction works.

Equipment used during the work will include vacuum trucks, excavators, digger, ditch witch, drill rigs, tipper, rollers, surveying equipment, concrete pump, concrete saw, concrete trucks, construction vehicles, compaction tools, delivery and removal trucks and hand tools.

Our work schedule

We will continue to be on site throughout July, from **Monday to Friday** between **7am and 6pm**, and **Saturdays** between **8am and 1pm**. We will not work on Sundays.

We will notify you in advance if work needs to occur outside these hours.

How will the work affect you?

We understand that our work may be noisy at times, but we will do everything we can to minimise its impact. This includes using quieter equipment where we can, turning off equipment and vehicles when they are not in use.

Impacts to parking

Three car parking spaces and one motorcycle parking space will be **temporarily unavailable** at the existing Barclay Road Commuter Car Park to facilitate the temporary site compound area. If you have any concerns about the temporary site compound area, please contact the project team, as detailed below.

Transport for NSW thanks the community for their patience while we complete this important work.

Completed retaining wall at North Rocks Commuter Car Park – May 2022
