

Transport Access Program

Point Clare Station Upgrade – Project Update November 2022

After almost 13 months of major construction, the Point Clare Station Upgrade is nearing completion. Final work is underway at the station and the new lifts are set to open shortly.

Pictured: New station entry on Brisbane Water Drive with lift construction nearing completion.

Upcoming work

The Point Clare Station Upgrade is in its final stages of construction with the Brisbane Water Drive forecourt upgrade and landscaping being carried out during November. **Final works will continue in November and include:**

- continued construction of station forecourt pavement on Brisbane Water Drive
- continued station services upgrade work across the station precinct
- landscaping installation at both sides of the station
- resurfacing works in Brisbane Water Drive commuter car park
- resurfacing works in Kurrawa Avenue commuter car park
- other minor finishing work around the station precinct.

Equipment to be used includes mobile cranes, excavators, concrete trucks and pumps, delivery trucks, power tools and hand tools.

Night works during November

Throughout November, night work for the forecourt upgrade on Brisbane Water Drive near to the station will be carried out for **no more than two consecutive nights between Monday and Friday** from **6pm to 7am**, weather permitting. This work will occur at night for the safety of workers and the community. Work will involve using an excavator, truck, compaction equipment, task lighting, power and hand tools.

Station and underpass access assistance – project team available to help

The existing ramps to the underpass have been removed to allow the construction of the new stairs and lift entries. Customers with a disability, limited mobility, luggage or prams can call **1800 775 465** at any time to arrange access from one side of the station to the other. Transport for NSW apologises for the inconvenience and will keep the community updated as work progresses.

Brisbane Water Drive – temporary footpath changes

Due to weather and unexpected ground conditions, upgrade work on the Brisbane Water Drive station forecourt will continue until **early November**, weather permitting. During the footpath work, signage and traffic controllers will be in place to guide pedestrians around temporary work areas.

Pedestrian access to the station and underpass will be maintained at all times.

Station toilet reopens

The new accessible toilet is expected to reopen **early November 2022**, weather permitting. Temporary toilets continue to be available for use during staffed hours (from 6am to 12.30pm Monday to Friday) at the station end of the car park on Brisbane Water Drive. These temporary toilets will be removed in the coming weeks.

Construction hours

Standard construction hours are from **7am to 6pm Monday to Friday** and **8am to 1pm Saturdays**, excluding public holidays. We will notify nearby residents and businesses in advance if we need to work outside these times.

Sydney Trains staff are on duty at the station from 6am to 12.30pm Monday to Friday.
