

Revesby Commuter Car Park

Project Update | December 2022 to early 2023

Upcoming construction work

Completion of the Revesby commuter car park extension is expected in early 2023. We appreciate the community's ongoing patience and apologise for any inconvenience while we complete this important work.

During this time, construction activities will include:

- Installation of wayfinding and signage
- Power upgrade works
- Electrical commissioning
- Lift fit-out and commissioning works
- Removal of site compound and hoarding at Haydock Lane

The equipment used during the work will include a generator, small mobile crane, elevated work platform, surveying equipment and hand tools.

Lift closures

Lifts 5 and 6 will remain closed to allow for the extension of the lifts to progress. The car park stairs will remain open during this work. Please use stairs to access the upper levels of the car park while the lifts are unavailable. For those with accessibility requirements, please use the car park on Marco Avenue while the lift is closed.

Switch Board upgrade work

Generators on the ground floor may be used to provide power to the car park. This will allow the switch board upgrade without impacting customers accessing the car park.

Changes to accessible parking spaces

Until the works are completed, the accessible parking spaces will remain in the Revesby Station car park located on Marco Avenue. Signage will be in place to notify commuters of these changes.

We will endeavour to make parking spaces available as early as possible throughout the construction program and will notify customers of additional parking availability. Please plan your journey ahead of time as it may take longer than usual to find a parking space. If possible, please consider alternative transport options to and from the station or flexible working arrangements during this time.

Our work schedules

Our standard construction hours are **Monday to Friday between 7am and 6pm** and between **8am and 1pm on Saturdays**. The site will be closed over the upcoming holiday period from **Friday 23 December** until **Monday 9 January 2023**. We will contact you to advise of any work required outside these hours. Deliveries will be scheduled outside of peak times wherever possible to minimise disruption to pedestrians and motorists.
