

Sydney Trains

Strathfield to Rhodes railway track maintenance

From Monday 16 January to Friday 20 January 2023

What we're doing

To improve service reliability, Sydney Trains will complete maintenance works between Strathfield and Rhodes from Monday 16 January to Friday 20 January.

Sydney Trains construction and maintenance works include:

- Railway track resurfacing
- Maintenance works to improve safety at train stations
- Railway track steelworks and grinding activities
- Railway track defect removal to improve network reliability
- Railway track inspection and preventative maintenance
- Routine engineering, signal, and electrical maintenance.

How this affects you

Noise

- These works may create additional noise at night.
- **Work will take place nightly between 10pm to 4am from Monday 16 January to Friday 20 January.**
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to day time travel restrictions on large vehicles.
- Diesel work trains may have their engines running on site for an extended period.
- Final (finishing) works including the removal of equipment may take place beyond the dates stated above.

Traffic and Parking

- Heavy vehicles will use local streets to access the rail corridor.
- We will park our vehicles inside the rail corridor where possible, however please be aware that on-street parking may be limited near worksite.
- Traffic controllers will be on duty to assist motorists and pedestrians throughout the duration of the works.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
