

Tuggerah Station Upgrade

Have your say

Artist's impression of the proposed Tuggerah Station Upgrade from the west, subject to detailed design

The NSW Government is improving accessibility at Tuggerah Station

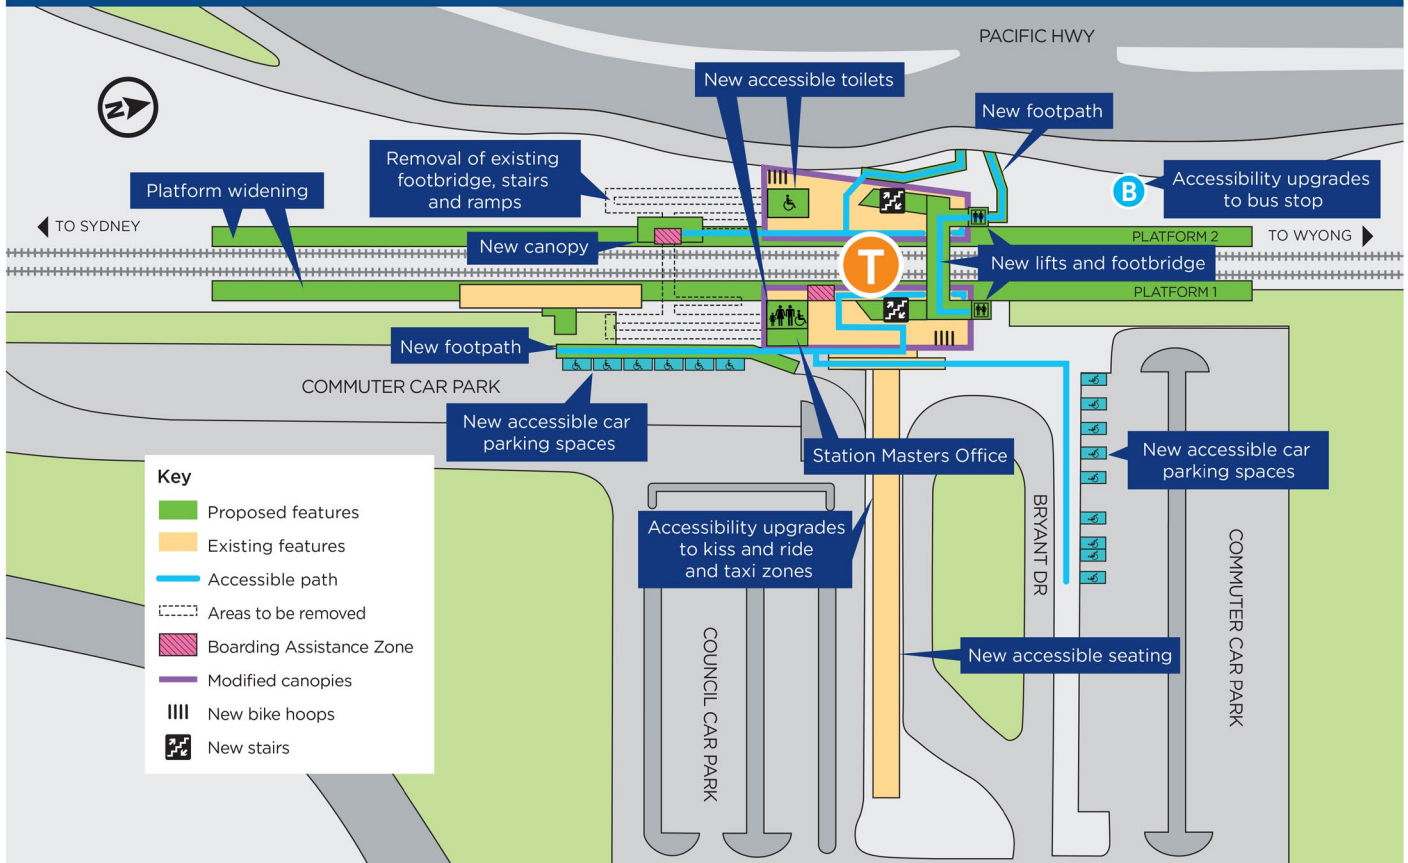

Planning is underway to improve accessibility at Tuggerah Station. The community is invited to provide feedback on a Review of Environmental Factors (REF) from **Wednesday 16 March to Wednesday 6 April 2022**. Community feedback will help us understand what is important to customers and the community.

Review of Environmental Factors

The Review of Environmental Factors (REF) is a planning document outlining the proposed work, potential impacts and mitigation measures.

The document includes comprehensive assessments of the existing environment and potential impacts of the project on the following areas including traffic and transport, biodiversity, heritage, noise and vibration and visual impacts.

Key features of the proposed Tuggerah Station Upgrade

Key features of the proposal, subject to detailed design

Key features of the proposed upgrade include:

- new pedestrian footbridge, lifts and stairs connecting the Pacific Highway, commuter car park and station platforms
- new lifts and stairs
- new and extended canopies at station platforms
- new family accessible, and male and female ambulant toilets
- platform widening to improve customer accessibility
- demolition of the existing footbridge, stairs and connecting ramps
- upgrades to station entrances including landscaping and new bicycle hoops
- 15 accessible parking spaces in the commuter car park
- accessibility upgrades to bus stops, and kiss and ride spaces
- improvements to CCTV, lighting and wayfinding signage
- new and upgraded footpaths at station entrances.
- subject to planning approval, construction is expected to commence in mid 2022 and take up to 18 months.

Commuter Car Park project

Planning is also underway to provide additional commuter car parking at Tuggerah. The initiative forms part of the \$480.9 million commitment to provide additional car spaces for public transport users through the Commuter Car Parking Program.

Next steps

Transport for NSW develops initial concept design options for the project, including identification and consideration of environmental constraints, risks and opportunities.

We are
here

Transport for NSW prepares a Review of Environmental Factors (REF) for public display and invites submissions.

Transport for NSW assesses and responds to feedback and prepares a submission report/determination report with proposed conditions to minimise environmental impacts.

Transport for NSW determines the Proposal.
Conditions of Approval made available on Transport for NSW website.

Construction commences subject to compliance with conditions.

Have your say

The REF is on public display from **Wednesday 16 March** until **Wednesday 6 April**, and community feedback is invited during this time. To view the REF, please scan the QR code or visit transport.nsw.gov.au/tuggerah

Feedback can be submitted by:

- Emailing: projects@transport.nsw.gov.au
- Completing the feedback form at nsw.gov.au/have-your-say/tuggerah-station-upgrade
- Mailing: Transport Access Program – Tuggerah Station Upgrade
Associate Director Environmental Impact Assessment
Transport for NSW
PO Box K659 Haymarket NSW 1240

Your feedback will help us understand what is important to customers and the community.
