

# Yagoona Station Upgrade

## Community Update – June 2022

### Upcoming work

Construction at Yagoona Station is progressing well.

Activities will continue in June, including:

- site survey and ongoing installation and relocation of electrical, water, communication and CCTV services in and around Gazzard Park
- upgrade of existing ramp between Gazzard Park and the Hume Highway
- tree planting and landscaping around the station
- installation of fencing and balustrades on both ramps
- remedial painting works on the station platform
- upgrades to electrical cables along Cooper Road and the Hume Highway
- start of site demobilisation.

### Night work

Night works will be carried out in June to complete electrical work and finish footpath upgrades between Gazzard Park and the Hume Highway.

Date	Planned work
<b>Between 5pm and 2am from Wednesday 15 to Friday 17 June 2022</b>	Continued works to upgrade the electricity cables on the Hume Highway in front of the station.
<b>From 6pm on Friday 24 June to 6am Wednesday 29 June 2022</b>	Electrical work and footpath upgrade between Gazzard Park and the Hume Highway.

To enable these works to be carried out safely, the footpath will be closed and pedestrian diversions will be in place as required.

Equipment to be used includes construction trucks, excavators, power and hand tools.

Localised power outages may be required for electrical work. Notification of these planned outages will be provided to affected businesses and residents by their service provider.

## Access changes

The footpath between Gazzard Park car park and the Hume Highway will remain **closed during June** to enable upgrades to the existing footpath and construction of a new footpath to Cooper Lane.

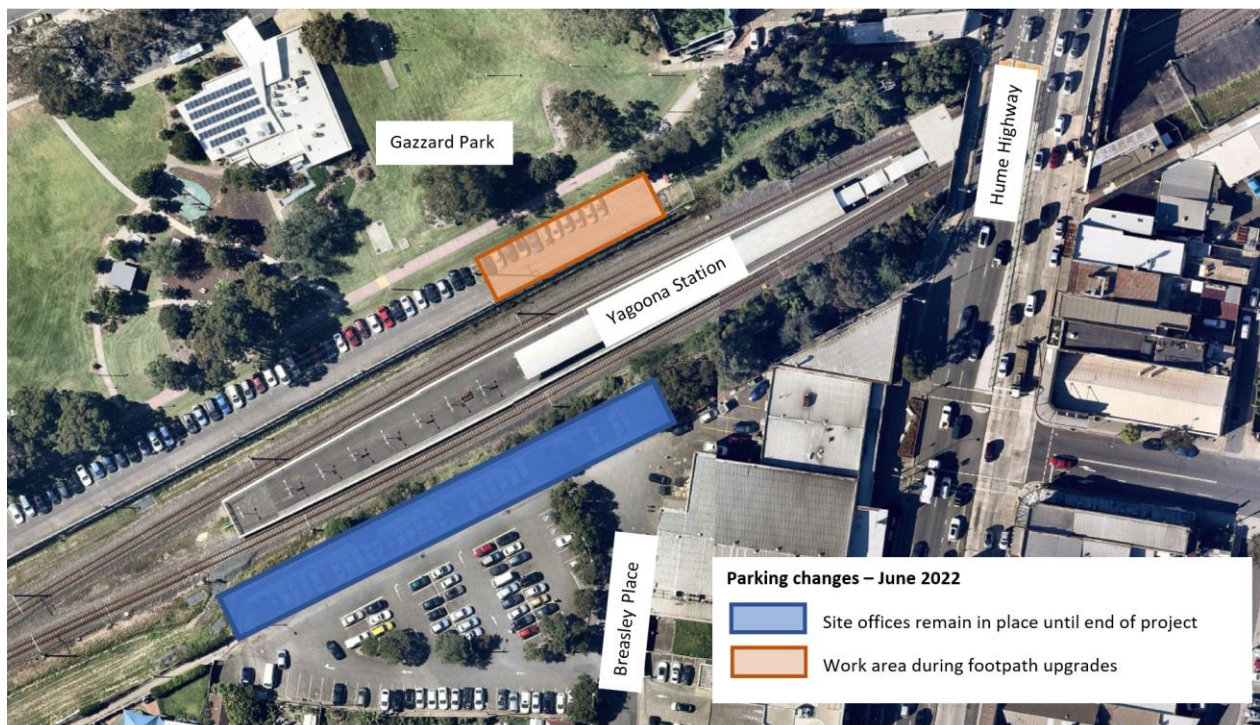

Access to the station from Gazzard Park car park will be via Gazzard Park and Cooper Road during this time. Please follow the direction of detour signs.

## Construction hours

Standard construction hours for this work are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**. For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

## Parking changes

Temporary parking changes in the Breasley Place car park for project site offices will remain in place until the upgrade is complete. Temporary parking changes in the Gazzard Park car park will also be in place in June during footpath upgrades.
