

# Transport Access Program

## Niagara Park Station Upgrade

Project Update

February/March 2022

### Upcoming work – Boarding Assistance Zone canopy

Work to complete the construction of the Boarding Assistance Zone canopy will be carried out in February and March this year, across a scheduled track work period when trains are not operating at night.

Work will be carried out between **7am and 6pm from Wednesday 16 February** for up to four weeks and involves:

- material and equipment deliveries for the canopy
- assemble canopy steelwork in part of the Washington Avenue commuter car park
- electrical upgrades including lighting and security at the new canopy
- demobilising the work site.

Out of hours work will be carried out between **8pm and 4am from Wednesday 2 March to Thursday 3 March**, weather permitting, during a trackwork period when trains are not operating. The work involves installing the canopy from the Washington Avenue commuter car park to the station platform using a mobile crane.

Work equipment to be used includes a mobile crane, delivery trucks, elevated work platforms, surveying equipment, mobile lighting towers, power and handheld tools.

### Temporary parking changes – Washington Avenue commuter car park

Up to five car spaces will be temporarily closed from **Wednesday 16 February to Wednesday 16 March**, to create a space for the mobile crane and allow for equipment and material deliveries. The remaining parking spaces will continue to be available for use throughout the working period.

### Extended standard construction hours

Standard construction hours are now between **7am to 6pm every day**, to allow for physical distancing on construction sites and support the health and wellbeing of workers. We will notify nearby residents and businesses in advance if we need to work outside these times.

### Keeping the community informed

For further information on the project, please call the Project Infoline on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au). For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
