

Community Update | February and March 2022

# Transport Access Program

## Pymble Station Upgrade

The Pymble Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a station that is accessible to people with a disability, limited mobility, parents/carers with prams, and customers with luggage. We thank you for your patience during this important work.

---

### February and March work

Throughout February and March, we will be carrying out the following activities:

- construction of the new lifts
- upgrades to the toilets on the station platform
- vegetation clearing
- excavation and installation of new footings
- installation of cable routes
- preparation work within the Pacific Highway car park for a new electrical pit
- installation of new padmount within the rail corridor and the Pacific Highway car park

### Plant and equipment

Equipment used throughout February and March includes excavators, vacuum truck, road saw, tipper truck, flatbed truck, tilt tray, concrete truck and pumps, crane, elevated working platforms, dump truck, various hand and power tools.

### Temporary removal of parking at Pacific Highway car park

From **Monday 31 January 2022 to April 2022**, approximately 11 car parking spaces in the southern end of the Pacific Highway car park will be temporarily unavailable to allow for preparation works for a new electrical pit.

### Out of hours work – March 2022

For the safety of pedestrians, customers and motorists, the Pymble Station Upgrade team will be working outside of standard construction hours on **Saturday 12 March and Sunday 13 March** to install precast installation for the new lifts.

Following our weekend work, we will also be working outside of standard hours on **Tuesday 15 March, Wednesday 16 March and Thursday 17 March between 7pm and 5am**, to install structural steel and glazing for the new lifts.

We will notify residents and businesses closer to the date.

During this period, trains will not be running. For more information on rail replacement buses, please visit [transportnsw.info](https://transportnsw.info) or call 131 500.
