

Commuter Car Park Program

Revesby

Project update

November 2021 - January 2022

Artist's impression of Revesby Commuter Car Park

Upcoming construction work in November, December and January

Construction on the Revesby commuter car park extension is progressing well and work is expected to be completed mid 2022. Activities from November 2021 to January 2022 will include:

- installation of a temporary construction zone on Simmons Street and installation of a tower crane on top of the building
- installation of site hoarding on Haydock Lane and Simmons Street
- installation of scaffolding in the lift and stair shafts for extension works
- demolition and removal of existing façade panels on the rooftop to enable the extension of the car park
- structural strengthening works on the lower levels of the car park
- concrete columns and slabs for the new car park floors
- installation of new glazing panels for the eastern lift
- demolition of the western lift shaft for extension

On **Saturday 13 November and Sunday 14 November** a tower crane will be installed on site to facilitate construction of the additional levels. Work to install the tower crane will take place over the weekend and require temporary road closures on Simmons Street between Haydock Lane and Selems Parade, and on Haydock Lane between Simmons Street and The River Road. Detours will be in place for motorists and pedestrians.

The existing lift and stairs to access the ground floor will remain open and accessible to commuters during construction.

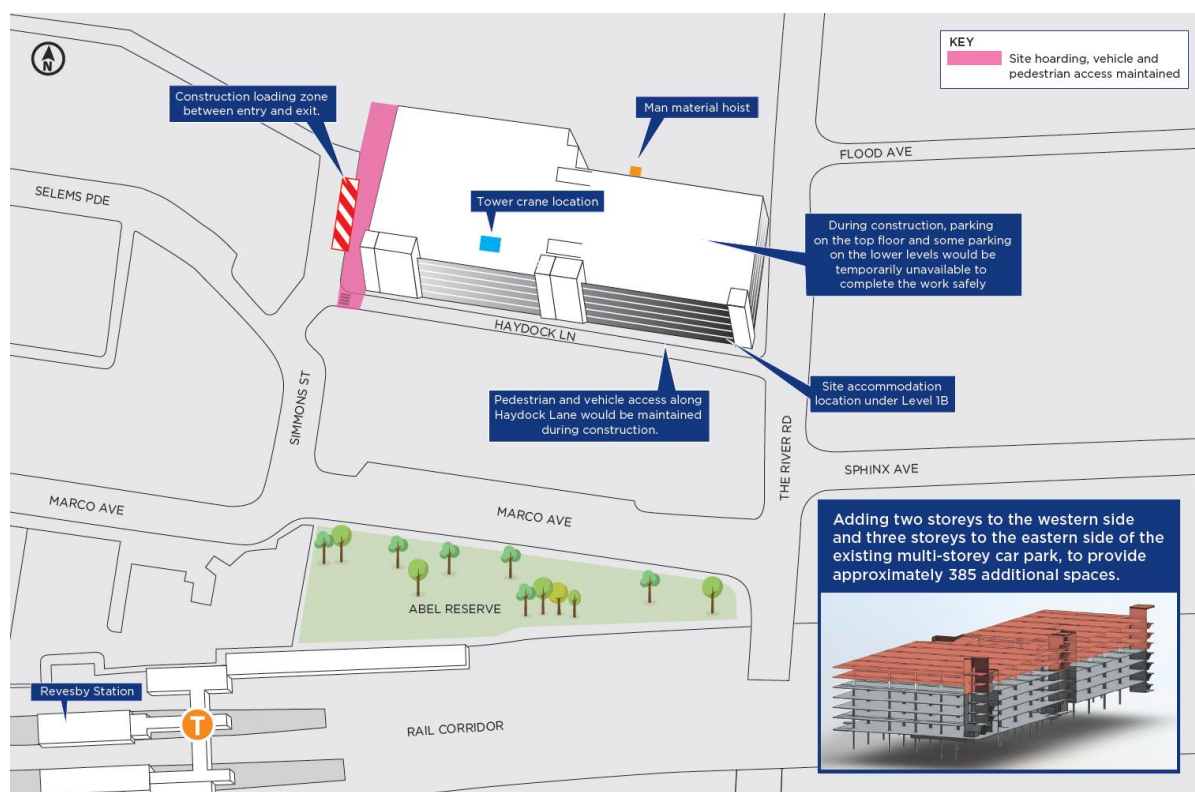

Changes to commuter parking

Commuter parking on level 3B and 4A will be temporarily unavailable until **early December 2021** to enable construction of additional parking levels to progress. The eastern lift of the commuter car park is currently closed until **5pm Saturday 26 February 2022** to allow construction of additional commuter parking and the extension of lift and stairs.

The rooftop of the multi-storey car park will also remain closed for construction. Council parking on the lower levels will remain open during construction. As work progresses, some commuter parking on lower levels will also become temporarily unavailable to complete the extension work safely. Signage will be in place to notify commuters of these changes.

We will endeavour to make parking spaces available as early as possible throughout the construction program, and will notify customers of additional parking availability. Please plan your journey ahead of time as it may take longer than usual to find a parking space. If possible, please consider alternative transport options to and from the station or flexible working arrangements during this time.

Park&Ride

Transport *Park&Ride* is designed to free-up more spaces at commuter car parks for those who want to travel on public transport. Located close to public transport hubs, *Park&Ride* makes it easier to park nearby and continue your journey on a train, bus or ferry.

Park&Ride will be **operational at Revesby Commuter Car Park from Wednesday 17 November.**

Park&Ride allows you to access up to 18 hours free parking each day when you complete a trip on public transport by tapping on and tapping off with the same Opal card.

How to use Transport *Park&Ride* at Revesby:

- Park your vehicle in Revesby *Park&Ride* Commuter Car Park.
- Tap on and tap off with an accepted Opal card to complete a trip on any public transport service. This will validate your free parking.
- Use the same Opal card to tap out of the car park within 18 hours of entering.

If you do not qualify for free parking, fees will apply. For more information, please visit transport.info/parkandride.

Construction hours

Work will take place during standard construction hours between **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**. Deliveries will be scheduled outside of peak times wherever possible to minimise disruption to pedestrians and motorists.

There will be a break from construction over the holiday period between **Friday 24 December 2021 and Sunday 9 January 2022**.

How are we staying safe

The safety and wellbeing of our workforce and the wider community is our highest priority. These works are in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including masks and QR codes.

Keeping you up to date

We will continue to keep the community informed with regular project updates. More information about the project is available on our website www.transport.nsw.gov.au/revesby. If you would like to sign up to our project mailing list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au. We send project updates via email monthly. For all urgent enquiries or complaints regarding construction activities, please call our **24-hour Construction Response Line** on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
