

West Ryde Commuter Car Park

Community notification

May 2022

Project update

Transport for NSW has delivered 101 additional commuter car parking spaces along Ryedale Road at West Ryde Station to provide the community with more convenient access to public transport and reduce congestion on our roads.

The car park was open to the public in November 2021.

Upcoming work

In late October 2021, we notified the community that we would be constructing the final storm water connection at the West Ryde Commuter Car Park.

As we were unable to carry out this work as planned in late 2021, we have rescheduled this work to now take place from Monday 2 May to Tuesday 10 May.

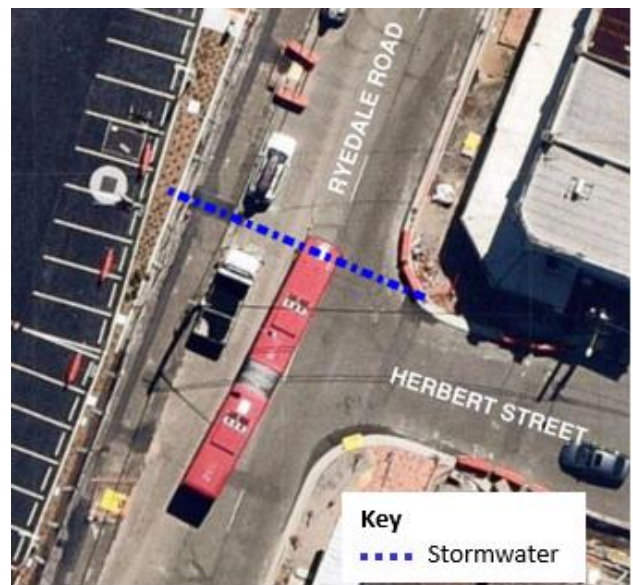

Work will include installing the storm water connection across Ryedale Road, between the car park and the current storm water network at the Herbert Street intersection.

Equipment to be used includes a concrete saw, excavator, 10 tonne tipper truck, concrete truck, compacting equipment and hand tools.

Our work schedule

We will be on site from **Monday to Friday between 7am and 6pm and between 8am and 1pm on Saturdays.**

If any additional work is required outside of these hours, the community will be notified in advance.

How will our work affect you?

A temporary lane closure will be in place on Ryedale Road during the work. However, traffic controllers and signs will be in place to maintain two-way traffic and help guide pedestrians and motorists through the area.

Our work may be noisy at times. We will do everything we can to lessen the disturbance, including turning off vehicles and equipment when not in use and using non-tonal reversing beepers for trucks used on site.

Pedestrian detour

A pedestrian detour will be in place around a section of the West Ryde commuter car park adjacent to the work site on Ryedale Road.

Traffic controllers and signs will help direct pedestrians safely around the work site to access businesses and other properties opposite the West Ryde Train Station.
