

Yagoona Station Upgrade

Community Update – March 2022

Upcoming work

Construction at Yagoona Station is progressing well with the construction of new ramps to the station underway last month.

Activities will continue in March, including:

- site survey and investigations
- ongoing installation and relocation of electrical, water, communication and CCTV services in and around the station and Gazzard Park
- installation and fit out of station building services on the platform and new concourse
- building a new ramp between the station and Breasley Place car park, including excavation and concreting
- upgrade of existing ramp between Gazzard Park and the Hume Highway
- stockpile management and material removal from within the rail corridor
- tree planting in the Canterbury Bankstown local government area.

Weekend work

Work will be carried out from **6am Saturday 19 to 5am Monday 21 March 2022** during a scheduled Sydney Trains track work weekend, when the station is closed and no trains are running. Work will include asphaltting at the northern end of the platform, removal of scaffold and installation of screens and light poles on the concourse.

Work will also be carried out from **6am to 10pm on Saturday 26 and Sunday 27 March 2022** during a scheduled Sydney Trains track work weekend, when the station is closed and no trains are running. Work will include minor works on the platform and concourse, and painting.

Equipment to be used includes construction trucks, elevated work platforms, concrete trucks and pumps, excavators, hi-rail equipment, rollers, power and hand tools.

There may be some noise associated with this work and measures will be implemented to reduce impacts wherever possible, such as turning off vehicles when not in use, positioning construction equipment as far away from residential areas as possible, using non-tonal reversing beepers, and monitoring noise levels.

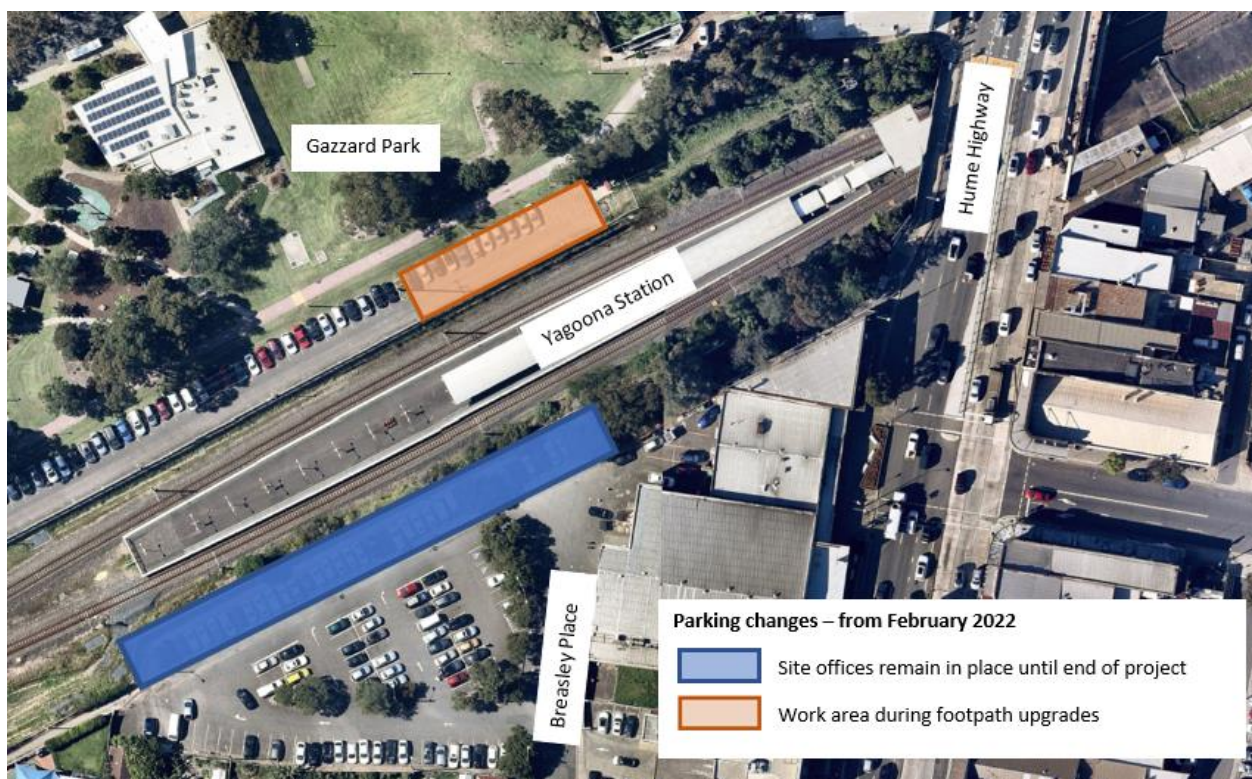

Please visit transportnsw.info or call **131 500** for information about replacement buses during this time.

Access changes

The footpath between Gazzard Park car park and the Hume Highway will remain **closed in March 2022** to enable upgrades to the existing footpath and construction of a new footpath to Cooper Lane. Access to the station from Gazzard Park car park will be via Gazzard Park and Cooper Road during this time. Please follow the direction of detour signs.

Parking changes

Temporary parking changes in the Breasley Place car park for site offices will remain in place until the end of the project, and temporary parking changes in the Gazzard Park car park will also be in place in March during footpath upgrades.

Construction hours

Standard construction hours are 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

Keep in touch

We will continue to keep the community informed with regular project updates.

Further information is available on the project website transport.nsw.gov.au/yagoona.

If you would like to be added to the project distribution list, or for more information on the Yagoona Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.
