

# Nightwork and Saturday work on the Great Western Highway at Raglan from 23 September

## Kelso to Raglan Upgrade

September 2023

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is investing \$73 million to upgrade the Great Western Highway between Kelso and Raglan near Bathurst.

### What work are we doing?

To complete essential work as part of the project, we will need to work extended hours every **Saturday** from **23 September** until project completion in **December 2023**.

### When and where we'll be working

The Saturday work hours will be between **7am to 5pm**, weather permitting. The work will take place at multiple locations throughout the project site.

No work will take place on the October Long Weekend of the weekend of the Bathurst 1000.

### Nightwork 24 – 28 September

Work will include asphaltting at several locations between Ashworth Drive and Nile Street. The work will take place from **Sunday 24 September** to **Thursday 28 September**. The work hours will be between **6pm to 5am**, weather permitting.

We have included a map to show the locations of the work.

### How will this mean for you?

You may notice:

- Noise from machinery and equipment
- Traffic controllers and signage
- Reduced speed limits to 60km/h

### Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This site compound is designed to minimise impact.

This includes:

- Fencing for safety and security
- Reducing our noise as much as possible by turning off machinery and vehicles when not in use

## Location of work area
