Regional Rail – Mindyarra Maintenance Centre

November 2023 to January 2024

Australian Government

Transport for NSW acknowledges the Wiradjuri Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

We are replacing the ageing NSW regional rail fleet of XPT, XPLOER and Endeavour trains.

The new trains will provide improved safety, accessibility, facilities and reliability for customers who travel from many NSW regional centres to Sydney, as well as Canberra, Melbourne and Brisbane.

To support the new fleet, a purpose-built maintenance centre is being constructed in Dubbo. Momentum Trains is delivering the Regional Rail Project on behalf of Transport for NSW.

What work are we doing?

Between now and the end of January, we will be carrying out work to complete the construction of the maintenance centre. This includes:

- asphaltting the main driveway into the maintenance centre
- installing sedimentation basins
- finishing landscaping around the site.

We will also continue with general concreting, electrical, plumbing and drainage work, installing underground services, track work and concreting train platforms.

Concrete work may need to continue past 6pm. This work is subject to strict controls and is not expected to be noisy or disruptive.

When and where we'll be working

Construction continues at Mindyarra Maintenance Centre, located off Wingewarra Street, during standard construction hours, **7am to 6pm Monday to Friday and 8am to 1pm Saturday.**

Some work has been scheduled to take place outside standard construction hours on Saturdays, Sundays and Public Holidays, weather permitting.

This includes:

- 7am to 8am, and 1pm to 6pm, Saturdays
- 8am to 6pm, Sundays

What will this mean for you?

You may notice:

- workers and vehicles
- noise from construction activities.

Christmas shutdown

There will be no construction work carried out during the Christmas / New Year holiday period. This includes Saturday 23 December 2023 to Sunday 7 January 2024.

Managing our impacts

We will take steps to reduce noise and impacts on the community and the environment.

This includes and is not limited to:

- using non-tonal reversing beepers
- instructing workers to keep noise to a minimum.

More information

Working closely with the local community is a priority for Transport for NSW and Momentum Trains. We will keep you up to date about upcoming work, with regular notifications and updates on our website. If you have questions or concerns or would like more information about the Regional Rail Project, please contact us using the details below.
