

# Nightwork on the Great Western Highway at Kirkconnell from 12 November

## Kirkconnell Rehabilitation & McManus Road Safety Works

November 2023

Australian Government

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are jointly funding the \$18.5 million safety upgrades on the Great Western Highway at Kirkconnell, approximately 30 kilometres east of Bathurst.

Transport for NSW is continuing important safety work on the Great Western Highway to provide a stronger, longer lasting and safer road as part of the Kirkconnell Rehabilitation and McManus Road Safety Works.

### What work are we doing?

We will be carrying out asphalt works to provide an improved road surface as part of the Kirkconnell Rehabilitation and McManus Road Safety Works.

We have included a map to show the locations of the work.

### When and where we'll be working

The work will commence on **Sunday 12 November** and is expected to take six weeks to complete, weather permitting.

We will be working at night to minimise impacts to traffic between **6pm and 5am** from **Sunday to Friday**.

### What will this mean for you?

You may notice:

- noise from machinery and equipment

- traffic controllers and signage
- reduced speed limits to 40km/h

### Managing our Impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- reducing our noise and lighting as much as possible by completing noisier activities before midnight
- directing lighting away from residences where possible
- turning off machinery and vehicles when not in use
- maintaining access for residents

### Traffic Impacts

To ensure the safety of motorists and workers, traffic control will be in place including:

- a reduced speed limit to 40km/h
- single lane closures
- intermittent stopping

Road users are advised to follow the directions of signs and traffic control and slow down on approach.

For the latest traffic updates, call **132 701**, or visit **livetraffic.com** or download **the Live Traffic NSW App**.

We understand that this work will generate some inconvenience and we thank you for your patience.
