

December 2021

Dear Neighbour,

Transport for NSW is extending the platform canopy at Arncliffe Station. The extended canopy will increase weather protection and encourage customers to use the length of the platform, reducing crowding at busy times.

During December, work being done includes electrical and communication work within the station, wayfinding signage on the platform, installing new platform seating, and planting in the new planter boxes.

The project team will finish work at our site on Friday, 17 December, and will resume work in mid-January 2022. During this period, site security will be in place.

Thank you for your patience during our works throughout 2021, and we wish you and your family a safe and happy holiday season.

For more information about the project, please do not hesitate to contact us on **1800 684 490** or visit **www.transport.nsw.gov.au/mtms**.
