

# Canley Vale to Warwick Farm Infrastructure Upgrade

More Trains , More Services

August 2023

Transport for NSW acknowledges the Cabragal people of the Darug Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The More Trains, More Services program is simplifying and modernising the rail network, creating high capacity, turn up and go services for many customers.

## What work are we doing?

In August 2023, activities will include:

- site survey and investigation work for future planning of construction, environment and safety controls
- overhead wiring adjustment work.

## When and where we'll be working

In August 2023, work will be carried out in and adjacent to the rail corridor between Canley Vale and Warwick Farm.

Standard construction hours are between **7am and 6pm Monday to Friday and 8am and 1pm on Saturdays.**

## What will this mean for you?

You may notice:

- workers and vehicles
- moderate noise from machinery and equipment.

## Managing our impacts

We understand construction activities may cause disruption to our closest neighbours, and every effort will be made to minimise the impacts where possible, including:

- turning off equipment when not in use and using non-tonal reversing alarms to reduce potential noise impacts to the surrounding community
- locating equipment as far away from residents and businesses as possible
- directing lighting away from residents
- conducting on-site monitoring to ensure compliance with strict environmental conditions relating to noise, vibration and dust management.

## Out of hours work

Some minor work is required to take place outside of standard construction hours between **6am and 6pm on Saturday 12 August 2023.**

## Why we work outside of standard construction hours

We schedule work outside of standard construction hours to take place during Sydney Trains trackwork periods when no trains are running, minimising disruptions to commuter services and improving the safety of our construction team and customers.

## We are going paperless

We are committed to reducing environmental impacts and are starting to phase out the distribution of paper notifications.

Instead, we will be providing construction updates via email. To stay informed about construction work in your area, please scan the QR code to register for email updates.

**Register to receive important information about upcoming construction work in your area.**

If you wish to continue to receive paper notifications, please call **1800 684 490** and ask to speak to a member of the More Trains, More Services team.
