

# Captains Flat Former Station Masters Cottage

## Online Community Information Session

Tuesday, 19 September 2023 from 6.00pm

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pay our respects to Elders past, present, and emerging.

Join us to find out the proposed plans for the Captains Flat Former Station Masters Cottage and provide your feedback.

Transport for NSW (**Transport**) is hosting a community information session on Tuesday, 19 September 2023 to share the latest news on the Captains Flat Former Station Master Cottage (**Site**) project.

### What will be covered

At this event you will find out the:

- project status and timeline;
- preferred future land use option for the Site and proposed remediation criteria;
- how to provide feedback on the options;
- next steps;
- Q & A session.

### Event details and how to register

**Date:** Tuesday, 19 September 2023

**Time:** 06.00pm to 07.00pm

**Place:** Captains Flat Community Hall,  
53 Foxlow Street, Captains Flat, NSW

**To register:** Go to <https://bit.ly/3q52ld0>

or scan the QR code below.

### Why are hosting this event

Transport has identified elevated levels of lead and asbestos containing materials at the Site resulting from historical mining operations and potentially the nature of the ongoing management of the Site.

In July 2022, Transport commenced a Remediation Options Assessment (**ROA**). During this process, several constraints were identified which would impact on the ability to remediate the Site and retain the buildings.

To enable the ROA to be completed, Transport undertook an assessment to identify potential land use options post-remediation and the criteria required for the remediation.

This assessment has now been completed and we would like to consult with the community on the preferred future land use option and obtain feedback for consideration.

### How to provide your feedback

The option presented during the community information session will be on public exhibition for 28 days from 19 September 2023 to 17 October 2023.

The community will be able to provide their feedback by completing an online form which will be uploaded on our website after the event or by emailing us at
