

Changed traffic conditions on the Mitchell Highway at Lucknow from 21 February

Essential maintenance work is taking place at Lucknow

Work will include spray sealing a three kilometre section of the Mitchell Highway between Newman Street and Summer Hill Lane. We have included a map to show the location of the work.

We will be working between **7am** and **6pm** from **Tuesday 21 February** and expect to complete the work in **two days**, weather permitting. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to five minutes extra travel time during this work.

Outside of work hours, the speed limit will return to 100km/h.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

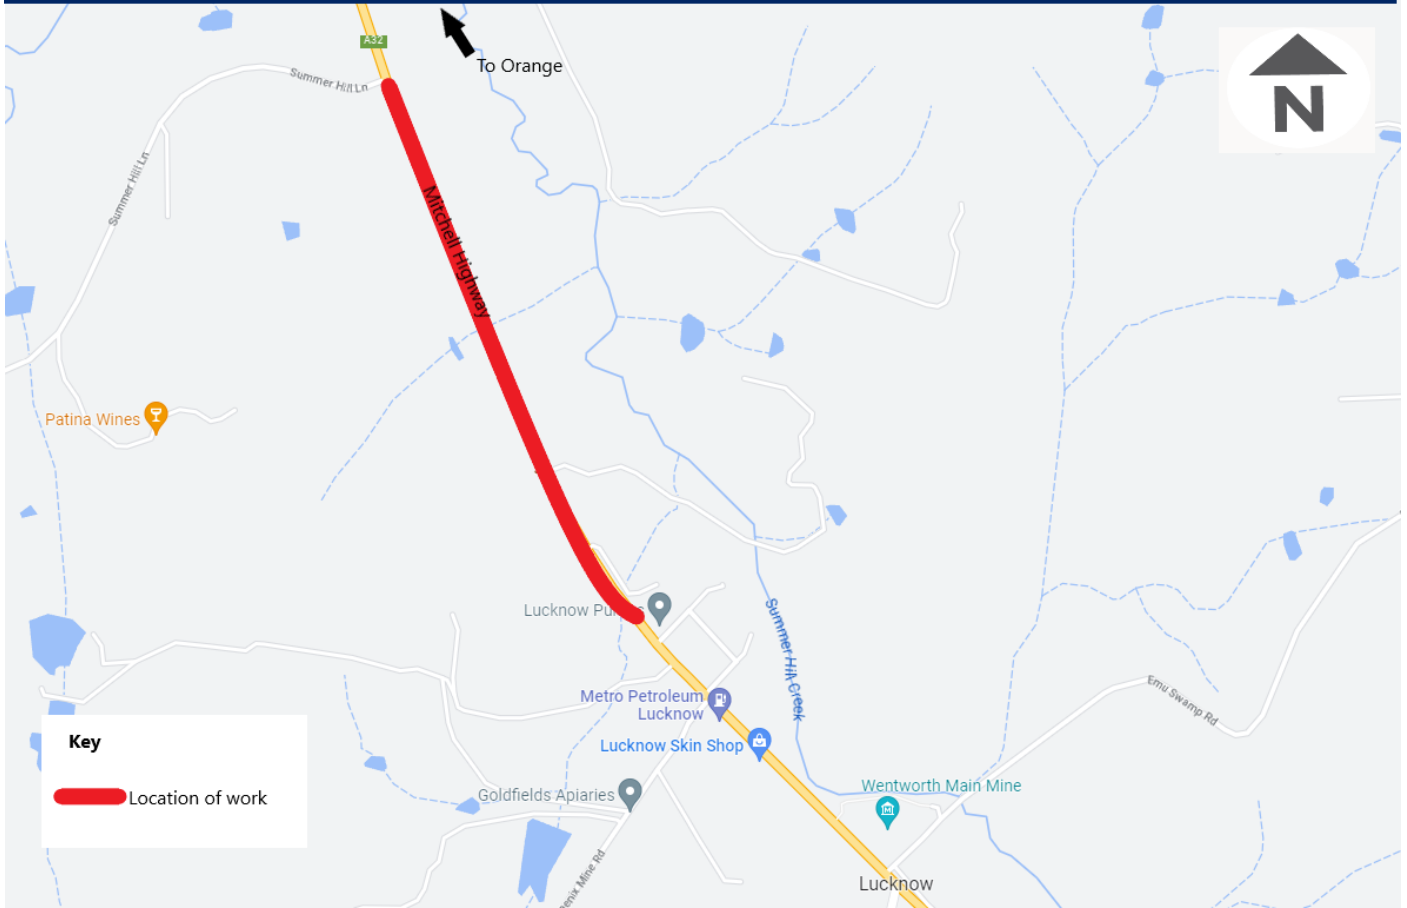

Contact

If you have any questions, please contact our project team on 1800 167 499 or western.projects@transport.nsw.gov.au.
