

Nightworks at Little Hartley from 10 July 2023

Coxs River Road Upgrade

July 2023

Australian Government

Transport for NSW acknowledges people of the Wiradjuri Nation as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Coxs River Road upgrade will reduce congestion and improve safety and accessibility for all local and highway road users, commuters and pedestrians.

Transport for NSW's lead contractor, Ertech, is carrying out the works at Little Hartley for the Coxs River Road Upgrade.

The scheduled night works will pair with ongoing earthworks, providing barriers that will protect work sites.

What work are we doing?

The following activities will be undertaken during this period:

East of Coxs River Road

- Barrier placement along the Southern side of the Great Western Highway
- Vegetation removal will also be occurring in this area.

When and where we'll be working

We'll be working from **10 July up to 13 July 2023**, weather permitting.

Working hours are **8pm to 5am, Monday to Thursday**.

What will this mean for you?

Most of this work will have minimal impact on residents. However, you will notice:

- Noise from machinery and equipment
- Plant movement in and out of the project site
- Traffic control and reduced speed limits in place. Please allow an additional five minutes for your travel time.

Managing our impacts

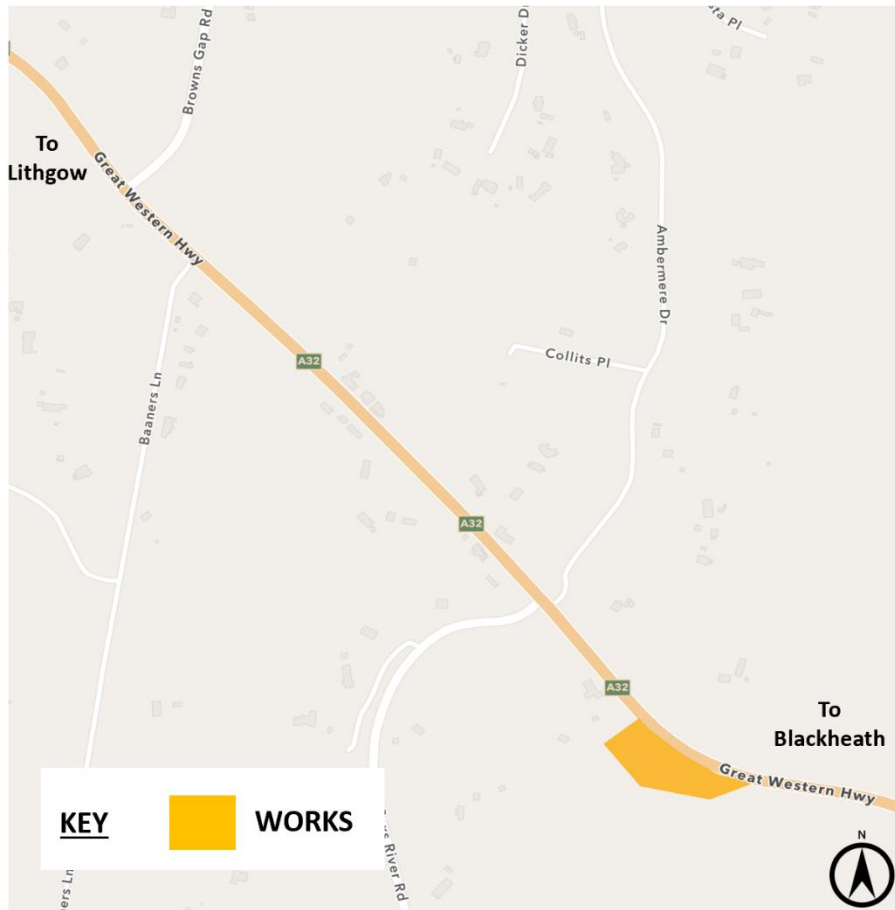

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- Fencing work areas for safety and security.
- Reducing our noise as much as possible by working in stages and turning off machinery when not in use.

Location of work area

Traffic changes

All road users are advised to follow the directions of signs and traffic control and slow down on approach. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

We understand that this work may generate some inconvenience and we thank you for your patience.
