

## More Trains, More Services

### Dapto Station

Project update | May 2022

#### More Trains, More Services

The More Trains, More Services program is upgrading the rail network to support the introduction of the Mariyung fleet.

The Mariyung fleet will offer improved safety, accessibility, comfort, and modern features for customers who make almost 45 million journeys a year on the electrified intercity network.

As part of the program, we are extending platforms, upgrading infrastructure and re-building the maintenance shed at Dapto Station.

#### What's next at Dapto?

In May, work at Dapto will involve:

- demolishing the old maintenance shed and the construction of a new shed on Sydney Trains' land north of the main station entrance
- installing new signal bases and underground services inside the rail corridor
- preparation work for the platform extension including earthwork and piling activities
- drainage work and relocating existing services.

Our work will take place during standard construction hours  
**7am-6pm Monday to Friday and 8am-1pm on Saturdays.**

#### Other projects in the area

Planning is currently under way to improve accessibility at Dapto Station as part of the Transport Access Program. This program aims to provide stations which are accessible to those with a disability, limited mobility, parents/carers with prams and customers with luggage.

Among the More Trains More Services work that you will see over the coming weeks, we will be undertaking geotechnical investigations on site as part of the planning process. We will keep you informed as the project

progresses. For more information about the Transport Access Program upgrade, please visit [transport.nsw.gov.au/projects/current-projects/dapto-station-upgrade](https://transport.nsw.gov.au/projects/current-projects/dapto-station-upgrade)

#### How can we better communicate with you?

We strive to develop and maintain strong relationships with our closest neighbours, businesses, customers and stakeholders within the communities in which we work. We would like your feedback on the way we keep you informed about construction activities. If you would like to provide your feedback, please visit [yoursay.transport.nsw.gov.au/community-engagement](https://yoursay.transport.nsw.gov.au/community-engagement)

For more information about the project, please visit [yoursay.transport.nsw.gov.au/mtms-dapto](https://yoursay.transport.nsw.gov.au/mtms-dapto)
