

Truck and vehicle movements

As part of More Trains, More Services construction work being completed at Dapto Station, we will be required to **temporarily close Bong Bong Street and Hamilton Street for less than 1 hour** to enable safe construction vehicle movements and delivery of an excavator to site.

Deliveries will involve the use of flatbed trucks and semi-trailers and take place between **4am and 6am on Monday 19 September 2022**.

This work has been scheduled outside of standard construction hours when traffic flow is reduced to minimise disruptions to motorists and improve the safety of the community and staff. Traffic control will be in place to ensure the safety of commuters, motorists, pedestrians and workers.

The project team understands that construction activities may cause disruption for the community and every effort will be made to minimise impacts where possible.
