

# Edmondson Park North Commuter Car Park

## Commuter Car Park Program

September 2023

Transport for NSW acknowledges the Traditional Custodians of the land and pays respects to Elders past and present.

Construction is underway on the Edmondson Park North Commuter Car Park, which will provide approximately 900 new parking spaces. This will result in a net increase of over 700 additional parking spaces for transport customers when the existing car park to the north of the station is closed to the public.

### What work are we doing?

The following activities are planned for September:

- modifying the access road to the new commuter car park
- internal fit out including electrical and plumbing work
- installation of rooftop solar panels
- removing scaffold

### When and where we'll be working

We'll be working within the site compound off Soldiers Parade, Edmondson Park.

Standard work hours are **7am to 6pm, Monday to Friday and 8am to 1pm, Saturday.**

Minor road work along Soldiers Parade may start in late September to upgrade traffic lights with pedestrian crossing at the intersection of Soldiers Parade and Henderson Road (refer to map overleaf).

There may be some temporary changes to access during this work. Signage and traffic control will be in place to assist pedestrians and motorists.

### What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage along Soldiers Parade
- noise from machinery and equipment

Equipment to be used may include excavators, rollers, road saws, graders, tipping trucks, concrete mixers, concrete pump trucks, service vehicles, various delivery vehicles, mobile cranes, tower cranes, forklifts, generators and hand tools.

### Managing our impacts

Our site has been designed to minimise impact to the community and environment. This includes:

- fencing for safety and security
- reducing our noise as much as possible
- targeted lighting to minimise light spill
- traffic control to help manage construction vehicles entering and leaving our site
