

Utility adjustments on Shamrock Street, Hexham

Hexham Straight Widening

November 2023

Transport for NSW acknowledges the Awabakal people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Australian and NSW governments are investing in the upgrade of the section of Maitland Road known as Hexham Straight, between Newcastle Inner City Bypass and Hexham Bridge

Transport for NSW will be installing a new water main on Shamrock Street in November.

What work are we doing?

Work includes:

- Installation of utility services (water main)

When and where we'll be working

The work will be completed during normal working hours.

Normal working hours are between **7am** and **6pm** on **weekdays** and **8am** and **1pm** on **Saturdays**.

The work is scheduled to commence from **Monday 27 November** and is expected to take up to **two weeks** to complete, weather permitting.

What will this mean for you?

You may notice:

- Workers and vehicles
- Lane closures and traffic control
- A temporary 40 km/h reduced speed limit
- Noise from machinery and equipment.

Please keep to speed limits and follow the direction of traffic controllers and signs.

The work will involve underboring beneath the road and concrete driveways and trenching across gravel driveways. We will reinstate driveways as the work proceeds.

Once the new water main has been installed, the existing service will be cut over to the new service. The service provider will notify residents when the cut over will take place.

Managing our impacts

The work will involve the use of machinery which generates noise.

We will contact residents in advance of trenching through the driveways.
