

Jenolan Caves Road Closure at Hampton from 7 November to 9 November

Jenolan Caves Road Repair Program

October 2023

Transport for NSW acknowledges people of the Wiradjuri Nation as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

Transport for NSW is undertaking extensive investigation and rehabilitation work to return Jenolan Caves Road to full capacity.

Contractors for Transport for NSW will be undertaking survey works to inform the next phase of rehabilitation works for Jenolan Caves Road at Hampton.

What work are we doing?

We are carrying out essential survey works to inform the next phase of disaster recovery works near Hampton.

To facilitate the survey works, **a closure of Jenolan Caves Road at Hampton will be required** for the safety of motorists and workers.

During this closure a detour via Duckmaloi Road will be available.

When and where we'll be working

To minimise the impact on local community and motorists, we will align the works and the closure with school operating hours.

We'll be working across **three days** from **Tuesday 7 November** to **Thursday 9 November 2023**, between **9:30am and 2:30pm**, weather permitting.

Should we need to do work outside of these hours we will notify you in advance.

What will this mean for you?

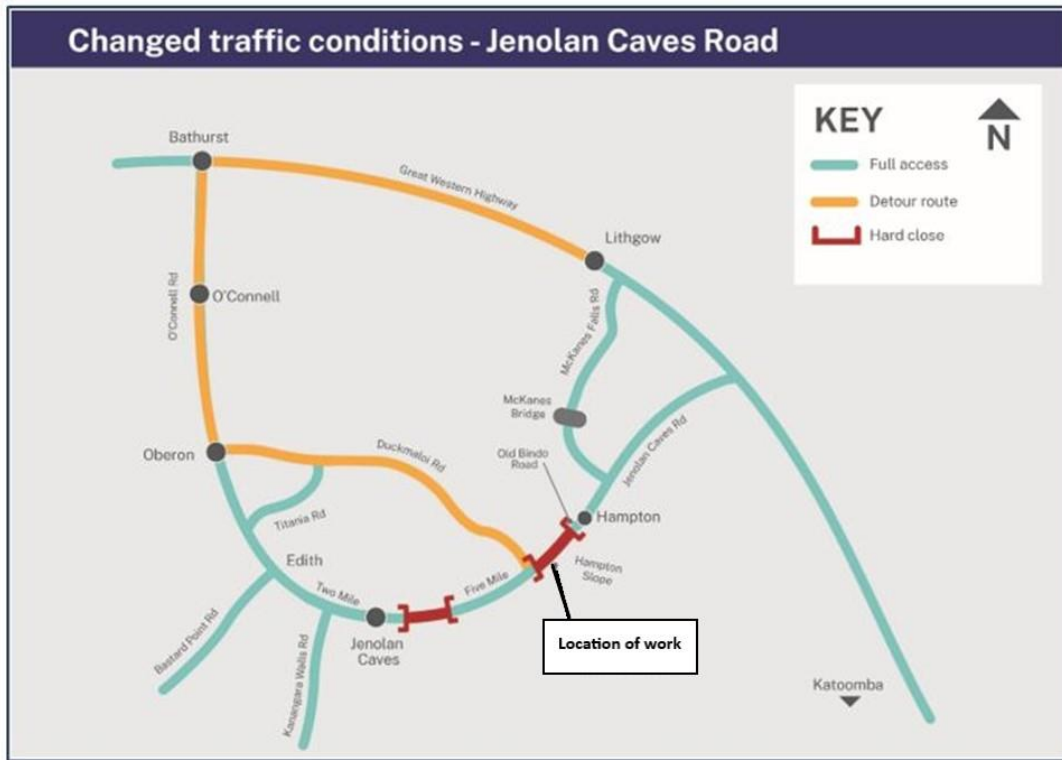

From **Tuesday 7 November**, Jenolan Caves Road **will be closed at Hampton** between Old Bindo Road and Duckmaloi Road **for three consecutive days from 9.30am to 2.30pm**.

A detour will be in place during this work. We have included a map to show the alternate route. The detour will be via Oberon, Bathurst and Lithgow using Duckmaloi Road, O'Connell Road and the Great Western Highway in both directions. **This will add approximately 1 hour and 40 minutes additional travel time.**

Traffic control and reduced speed limits will also be in place after work hours and may affect travel times. Motorists should plan ahead and allow extra travel time during this work

Location of work area

Traffic changes

All road users are advised to follow the directions of signs and traffic control and slow down on approach.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

We understand that this work may generate some inconvenience and we thank you for your patience.
