

Vegetation removal for Memorial Avenue upgrade

May 2023

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Memorial Avenue is being upgraded to a four-lane road between Old Windsor Road and Windsor Road at Kellyville.

Transport for NSW is removing vegetation in preparation for the next stage of work on the Memorial Avenue upgrade.

What work are we doing?

Contractors for Transport will carry out the work, which will include tree clearing, grubbing and grass slashing between Thomas Boulton Circuit and Memorial Avenue and Bruhn Circuit and Memorial Avenue. We have provided a map to show the location of works on the next page.

When and where we'll be working

We'll be working at Memorial Avenue from **Monday 29 May to mid-June 2023.**

Working hours are **7am to 6pm, Monday to Friday and 7am to 1pm, Saturday.**

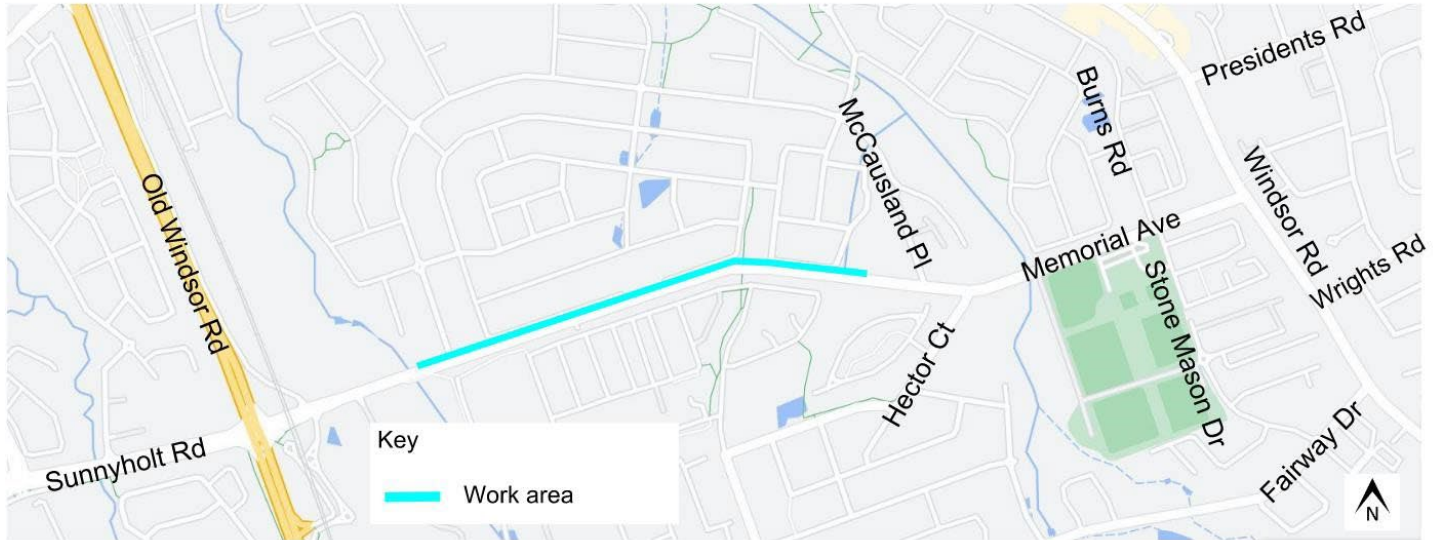

What will this mean for you?

The work will involve the use of machinery which generates some noise. We will make every effort to reduce noise by arranging the work in stages and turning off machinery and vehicles when not in use.

Once the new road is built, the area between Thomas Boulton Circuit, Bruhn Circuit and the new road will be landscaped with a variety of native shrubs and grasses with some plantings of Eucalypts.
