Temporary Works and Road Closure at Houston Road near Barker Street

Upcoming work

Commencing **Friday 12 May**, up to 10 shifts of work are required to construct a new raised pedestrian crossing along Houston Road south of the intersection at Barker Street, Kingsford.

To complete this work, the southern end of the intersection of Barker Street and Houston Road will be temporarily closed for up to 16 days.

Detours will be in place to ensure the safety of road users, pedestrians and our workers. The map overleaf shows the road closure locations and planned detour routes.

Local access to properties will be maintained for residents and businesses.

Work hours

Our normal work hours are from **7am to 6pm Monday to Friday** for up to ten days.

Work is dependent on weather and site conditions and is subject to change.

Minimising community impact

Our work activities will require the use of machinery that generates noise, light, and vibration. Equipment used for these activities include saw-cutter, excavator, concrete truck, compaction equipment, vacuum truck, mobile lighting towers, trucks, and excavators.

To minimise the impact of this work we will:

- Fit equipment with devices to minimise noise, particularly non-tonal reversing beepers
- Monitor noise periodically so we can manage any potential impacts and adjust our work as required
- All work will be carried out in line with project environmental approvals.
