

# Kingsgrove to Beverly Hills Asset Rationalisation

February 2023

## Upcoming weekend work

---

As our work on the Kingsgrove to Beverly Hills Asset Rationalisation project approaches completion, we are required to remove some redundant equipment outside of standard construction hours **between 6pm Friday 17 February and 7am Monday 20 February 2023**.

This work will take place inside the rail corridor and is not expected to impact the local community.

We would like to thank you, our closest neighbours, for your ongoing support as we work to deliver an improved rail network.
