

Out of hours work in Kemps Creek and Cecil Park

M12 Motorway – Central

October 2023

Australian Government

Transport for NSW acknowledges the Dharug people of the Darug Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will continue night work over **20-night shifts** between **Wednesday 4 October** and **Tuesday 31 October 2023** along Elizabeth Drive, Clifton Avenue, Salisbury Avenue, Mamre Road, Range Road and Duff Road in Kemps Creek and Cecil Park.

During this period, we will:

- install new communication and power mains
- deliver imported earthworks material to the construction site via Elizabeth Drive, Mamre Road, Range Road, Cecil Park and Clifton Avenue, Kemps Creek
- carry out bridge pile cap, pier and abutment reinforcement, formwork/falsework, temporary works, and concreting activities at all bridge sites
- deliver, use and remove oversized equipment as required
- deliver and install oversize precast concrete beams
- repair, maintain and install road pavement as required
- carry out stormwater drainage works, landscape maintenance and grass cutting

- switch on electric generators to warm-up the concrete batch plant at Clifton Avenue, Kemps Creek
- deliver imported aggregate and sand to the concrete batch plant.

Our work needs to be carried out at night for the safety of our workers and road users and to minimise traffic disruption.

Across the project, low impact earthwork and bridge work activities will continue from **6am, Monday to Saturday**. Concrete pours for bridge works, may on occasion, need to start from **5am** or finish after **6pm, Monday to Saturday** as continuity and weather are critical to ensuring the concrete pours and cures are done correctly to prevent failure of the pavement.

The map overleaf shows the location of our work.

Our work schedules

Our night work hours are between **6pm** and **7am**, from **Sunday night** to **Friday morning**. We will not work more than two nights in a row and three nights in a week, in the same location.

Normal work hours are between **7am** and **6pm, Monday to Friday** and between **8am** and **6pm** on **Saturdays**. There will be no work on public holidays.

What equipment will be used?

During the work we may use excavators, compactors, graders, scrapers, piling equipment, concreting equipment, light and heavy vehicles, hand power tools, cranes, vacuum trucks, water carts, sweepers, milling machines, asphalt pavers, bobcats and lighting towers.

How will this work affect you?

During our work you may see increased activities in the area. The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight**, where possible, and turning off equipment and machinery when not in use.

Traffic changes

There will be temporary traffic changes along the work zone during our work hours to ensure the work zone and traffic are safe while the equipment is used, delivered and removed.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Work zones – Elizabeth Drive, Clifton Avenue, Salisbury Avenue, Mamre Road, Range Road and Duff Road
