## Managing our impacts

This work may be noisy. We will take every possible step to minimise noise, such as scheduling any noisy work earlier in the evening, switching off equipment when not in use and using non-tonal reversing beepers. During our works you will also see an increase in activity in the area as workers move around the site.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call **132 701**, visit [livetraffic.com](http://livetraffic.com) or download the **Live Traffic NSW** app
