

Temporary closure of Range Road, Kemps Creek

M12 Motorway - Central

December 2023

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will close Range Road at Kemps Creek over **three nights** between **Wednesday 13 December** and **Friday 15 December 2023**, weather permitting.

The road will be closed to enable the installation of bridge girders across Range Road as part of the M12 Motorway construction.

During this period, we will:

- deliver, use and remove oversized equipment when needed, including delivery and unloading of large concrete beams
- mobilise a crane and lift large concrete beams over Range Road.

The work needs to be carried out at night for the safety of our workers and road users and to minimise traffic disruption.

If these dates change due to weather or program impacts, new dates will be advertised on roadside electronic signs and on the project's website.

Our work schedule

Our night work hours are from **6pm** to **6am**, **Monday** to **Friday**.

What equipment will be used?

During the night work we may use elevated work platforms, light vehicles, lighting towers, hand powered tools and a mobile crane.

How will this work affect you?

During our work, you may see increased activities in the area. Our work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight**, where possible, and turning off equipment and machinery when not in use.

Traffic changes

During these closures there will be no traffic access into and out of Range Road. Range Road will be closed each night from **7pm** and reopened at **5am** the following morning.

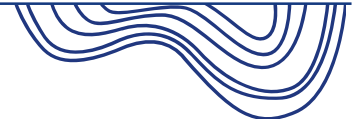

We will maintain access for businesses when needed, under the direction of traffic control.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates download the Live Traffic NSW App, visit [livetraffic.com](https://www.livetraffic.com) or call 132 701.

A map showing the location of the Range Road closure and area of work is provided over the page.
