

M12 Motorway - West

Road closure on Luddenham Road, Luddenham

August 2023

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will close Luddenham Road in Luddenham for **five nights** between **Thursday 10 August 2023** and **Friday 18 August 2023**, from 7pm to 6am weather permitting. The road will be closed to allow our workers to install a bridge span of 12 girders across Luddenham Road as part of the M12 Motorway construction.

This may increase travel times. Motorists are encouraged to restrict their movements during this work.

During this work, we will:

- deliver, use and remove oversized equipment when needed, including delivery and unloading of large concrete beams
- mobilise a crane
- lift large concrete beams over Luddenham Road, Luddenham.

The work needs to be carried out at night for the safety of our workers and road users and to minimise traffic disruption.

We will reopen the road for traffic as usual each morning at 6am.

Our work schedule

Our night work hours are between **6pm** and **7am**, Monday to Friday. There will be no work on Saturday or Sunday night.

What equipment will be used?

During the night work we may use lighting towers, excavators, light and heavy vehicles, hand powered tools including rattle gun/drill, a large crane, small cranes, vacuum trucks, water carts, sweepers, mobile plant such as scissor lift and elevated work platforms.

What will this mean for you?

During night work, you may see increased activities in the area. Our work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight**, where possible, and turning off equipment and machinery when not in use.

Residents and businesses north of the closed section should access Luddenham Road via Mamre Road. Residents and businesses south of the closed section should access Luddenham Road from Elizabeth Drive.

Managing our impacts

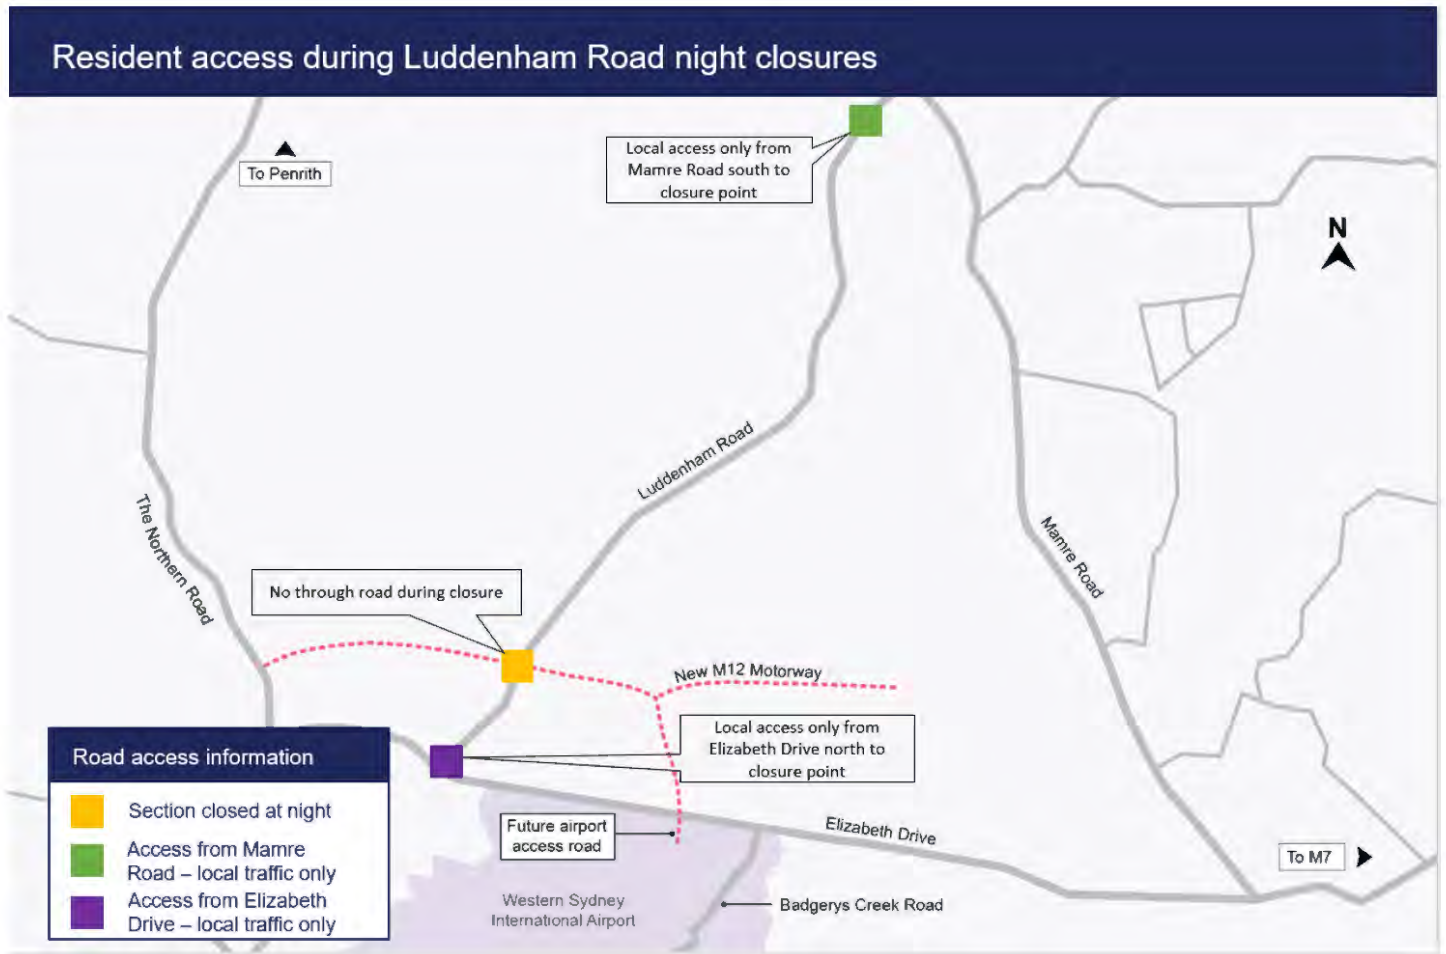

There will be temporary traffic changes along the work zone during our work hours to ensure the work zone and traffic are safe while the equipment is used, delivered and removed.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call **132 701**, visit
