

# Sydney West Overhead Wiring Upgrade – Lewisham

## More Trains, More Services

September and October 2023

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The More Trains, More Services program will simplify and modernise the rail network creating high capacity, turn up and go services for many customers.

This project will upgrade the infrastructure inside the rail corridor at Lewisham to improve train movements through the station.

### What work are we doing?

In September and October 2023 we will make adjustments to existing overhead wiring structures inside the rail corridor as shown overleaf.

### When we'll be working

Standard construction hours are between **7am and 6pm Monday to Friday** and **8am and 1pm on Saturdays**.

For safety reasons, some work will take place during a scheduled Sydney Trains trackwork period when no trains are running from:

- **10pm Friday 8 September to 2am Monday 11 September 2023**
- **10pm Friday 13 October to 2am Monday 16 October 2023.**

### What will this mean for you?

You may notice:

- an increase in workers and vehicles
- noise from machinery and equipment.

### Managing our impacts

We understand construction activities may cause disruption for the community. We will seek to minimise impacts as much as possible and adhere to strict environmental conditions relating to noise, vibration and dust management.
