

Newtown to Redfern Signalling Upgrade

More Trains, More Services

Dear neighbour,

The More Trains, More Services program will simplify and modernise the rail network creating high capacity, turn up and go services for many customers.

From 10pm Friday 15 December to 2am Monday 18 December 2023, we will establish a temporary laydown area on Carriageworks Way to facilitate work inside the rail corridor. The laydown area will be used for storage of machinery and equipment, worker briefings and parking. Please refer to the map overleaf.

For safety reasons, our work will take place during a scheduled Sydney Trains trackwork period. We understand this may cause disruption for the community and will seek to minimise impacts as much as possible.

If you would like more information about the work, please email us at projects@transport.nsw.gov.au or call **1800 684 490** and ask to speak to the More Trains, More Services team.

Kind regards
Community Team
More Trains, More Services
