

Sefton Park Infrastructure Upgrade

More Trains, More Services

December 2023

Transport for NSW acknowledges the Darug people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Recently we informed you of upcoming work from Saturday 23 December 2023 until Thursday 4 January 2024 (no work on Monday 25 December 2023 and Monday 1 January 2024)

What work are we doing?

As part of this work, there will be 24/7 material deliveries between:

- **5am Saturday 23 December and 6pm Sunday 24 December 2023**
- **5am Tuesday 26 December and 6pm Friday 29 December 2023**

Traffic control and signage will be on site to assist motorists and pedestrians with these changes.

We will also be reserving approximately six car spaces on Wentworth Street during this period.

Where we'll be working

Delivery vehicles will travel along Wellington Road, Auburn Road, Rodd Street, Avalon Street, Tewinga Road and Wentworth Street to access site compounds and laydown areas adjacent to the rail corridor.

Location of truck movements

What does this mean for you?

You may notice some vehicle noise during this period and every effort will be made to minimise impacts, including turning off vehicle engines when not in use.

We would like to thank you, our closest neighbours, for your ongoing support as we work to deliver an improved rail network.
