

# More Trains, More Services

## Dapto, Coniston, Wollongong, Port Kembla North, Albion Park, Kembla Grange

May 2023

Transport for NSW acknowledges the Dharawal people of the Dharawal Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The More Trains, More Services program is delivering platform extensions and asset upgrades between Sydney's CBD and the South Coast to support the introduction of the Mariyung fleet.

### What work are we doing?

In May 2023, we will be completing work across several locations:

#### Dapto

- Asphaltting and fencing work at the commuter carpark and northern station entrance to Platform 2.

#### Coniston and Wollongong

- Completing site investigation work including site walks for the design, construction, environment, and safety teams to allow for future planning
- Installation of overhead wiring structure, signalling equipment, and buried low voltage supply route
- Removal of existing and installation of new bridge screens
- Installation of underground cable routes at Coniston Substation
- Removal of track equipment
- Installation of signage and lighting
- Adjustment of overhead wiring
- Construction of the turnback driver walkway
- Rectification work involving cables under Coniston Bridge
- Removal of redundant cables under Coniston Bridge, at Coniston Station, and Wollongong Yard
- Vegetation removal.

#### Port Kembla North

- Completing low voltage wiring work
- Installation of new supply cables and lighting poles
- Installation and replacement of signalling equipment
- Installation of lighting poles and conduits
- Removal of existing light posts and pedestals.

#### Albion Park

- Completion of service routes and concrete transition structure.

#### Kembla Grange

- Preparation of crane pad
- Bridge footing form and pour.

### Standard construction hours

Standard construction hours are **7am to 6pm, Monday to Friday and 8am to 1pm Saturday.**

### Weekend work

We will be completing some weekend work in May between:

- **6pm Friday 5 May and 7am Monday 8 May** at Port Kembla North
- **6pm Friday 5 May until 7am Monday 8 May** between Wollongong and Coniston
- **6pm Friday 12 May and 7am Monday 15 May** between Wollongong and Coniston.

### Why we work outside of standard construction hours

We schedule work outside of standard construction hours during Sydney Trains trackwork periods when no trains are running, minimising disruptions to commuter

services and improving the safety of our construction team and customers.

## What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage
- noise from machinery and equipment.

## Managing our impacts

We understand construction activities may cause disruption to our closest neighbours, so every effort will be made to minimise the impacts where possible, including:

- turning off equipment when not in use and using non-tonal reversing alarms to reduce potential noise impacts

- locating equipment as far away from residents and businesses as possible
- directing lighting away from residents
- conducting on-site monitoring to enable compliance with strict environmental conditions relating to noise, vibration and dust management.

## We are going paperless

### This is the last paper notification you will receive from us

We are committed to integrating sustainable practices into our projects and reducing environmental impacts. After May 2023, we will no longer be distributing paper notifications to residents unless requested. Instead, we will contact you via email when there is construction work that may impact you.

To register for digital construction updates, please scan the QR code and fill out the form.

If you wish to continue to receive paper notifications, you can request this via the QR code or call us at 1800 684 490 and ask to speak to a member of More Trains, More Services.

**If you do not register for updates, you may miss out on important updates and potential inconveniences caused by our construction work.**

Thank you for supporting us to create a more sustainable future.
