

Bridge maintenance work on the Hume Highway at Marulan from 7 February

Work to improve safety will be carried out on bridges over the Hume Highway at Marulan

What are we doing?

Transport for NSW will carry out maintenance and stabilisation work on the bridges over Brayton Road on ramp and Southern Highlands railway line between Highland Way and Medway Road on the Hume Highway.

Due to the COVID-19 pandemic and the availability of work crews, work will now be carried out from **Monday 7 February for about one month, Sunday to Friday**, weather permitting.

Changed traffic conditions will be in place 24 hours a day during the work.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise noise and complete work as quickly as possible.

Work on northbound lanes

From Monday 14 February to Friday 18 February during work on the northbound lanes road users will be detoured onto the southbound lanes.

The northbound heavy vehicle checking station will be temporarily closed.

Vehicles wider than 4.2metres will need to be escorted through the work site and stop at the nearest heavy vehicle stopping bay. To arrange access through the worksite customers need to contact UHF channel 19 or 0474 750 005 in advance

A reduced speed limit and lane closures will be in place for the safety of workers and road users.

Road users are advised to allow 10 minutes additional travel time, drive to the conditions, and follow the directions of signs and traffic control.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App. Thank you for your patience while we carry out this work.

Work on southbound lanes

From Monday 28 February to Friday 4 March during work on the southbound lanes road users will be detoured onto the northbound lanes.

Access to Goulburn and Canberra from Brayton Road will be closed. Road users travelling to Goulburn and Canberra will be detoured to a dedicated U-Turn bay. The right turn onto Highlands Way will be closed and detours in place.

Vehicles wider than 4.2metres will need to be escorted through the work site and stop at the nearest heavy vehicle stopping bay. To arrange access through the worksite customers need to contact UHF channel 19 or 0474 750 005 in advance.

Southbound access via the U-Turn bay will be closed to heavy vehicles larger than B-double.

The southbound heavy vehicle checking station will be temporarily closed.

The exit to Marulan will remain open.
