

More Trains, More Services Mascot Station Access Upgrade

20 October 2022

Out-of-hours work in the station – Thursday 27 October 2022

Dear Neighbour,

Further to our October Mascot Precinct Update, from **midnight to 3.30am on Thursday 27 October** the team will be disconnecting and removing redundant cables and a power control panel from a wall in the back-of-house communications room. We will also be undertaking investigative work to remove power cables in front of the lower concourse penetration area. Materials removed from the concourse area will be transported off site by tipper truck.

We don't expect this work to be noisy, and every effort will be made to minimise disruption to the community. This work is dependent on weather and site conditions and is subject to change. We will notify you if the dates and times of work change.

For more information about the project, please do not hesitate to contact us on **1800 684 490** or visit www.transport.nsw.gov.au/mtms.
