

Changes to work on Railway Parade from 3 November

Medlow Bath Upgrade

October 2023

Australian Government

Transport for NSW pays respect to the Darug and Gundungurra people as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Medlow Bath Upgrade will reduce congestion and improve safety and accessibility for all road users, commuters, and pedestrians.

Transport for NSW is continuing work on the Medlow Bath Upgrade, between Railway Parade and south of Bellevue Crescent.

What work are we doing?

Road construction is nearing completion on Railway Parade. The next stage of work includes:

- Carrying out pavement work (requiring temporary detours)
- Constructing the footpath
- Line marking and commencing landscaping
- Continuing work on parking spaces
- Utility cutovers and preparation works
- Utility underbore and trenching work between St Albans Road and Somerset Street
- Continuing to build the sediment basin.

When and where we'll be working

We'll be continuing this work from **3 November until the 23 December**, weather permitting.

Work hours are from **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturday**. We don't plan any work on Sundays or public holidays.

We have included a map over the page to show the location of work activities.

What will this mean for you?

Temporary detours will be in place for short periods including:

- During pavement work via Atlingworth Parade, Portland Road and St Albans Road
- During underbore drilling and utility trenching work, residents will need to detour via St Albans and Portland roads to access Sheila Street.

You may also notice noise from machinery and equipment during work hours.

We will continue to notify affected stakeholders about upcoming work in Railway Parade and discuss additional noise mitigation measures with them that may help reduce the impact of the work.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- Providing a pedestrian pathway along Railway Parade
- Turning off machinery and vehicles not in use and arranging work in stages to minimise impacts to nearby residents.
- Installing noise blankets around stationary equipment when possible.
- Maintaining access to properties at all times, including the Pot Belly Café, Medlow Park and the train station.
- Preserving street trees and vegetation by underboring utilities where possible. We have confirmed that we can drill deep enough on Railway Parade to avoid tree roots.

Location of work area

KEY

-  Sediment basin construction
-  Work areas for construction activities
-  Temporary detours during pavement and utility work
-  Temporary closure during utility work

Traffic Impacts

Traffic control will be in place, including detours, stop/slow operations (temporary traffic lights) and a reduced speed limit of 40km/h. Sections of the road will be closed where necessary to allow work to be carried out safely on Railway Parade.

Road users, including pedestrians and school children, are advised to follow the directions of signs and traffic control.

For traffic updates, call 132 701, download the Live Traffic NSW App or visit livetraffic.com.

We understand that this work may be inconvenient, and we thank you for your patience.

If there is any way we can support you during these works, please let us know.
