

Newell Highway Flood Mitigation – West Wyalong to Forbes

Australian Government

NSW GOVERNMENT

The Australian Government and the NSW Government have committed to flood mitigation works on the Newell Highway between West Wyalong and Forbes.

Transport for NSW will prioritise flood mitigation around Marsden as flood studies have shown that this area flooded first, had the deepest water across the road and was where the highway stayed closed the longest.

More detail about the project can be found at nswroads.work/ww2f

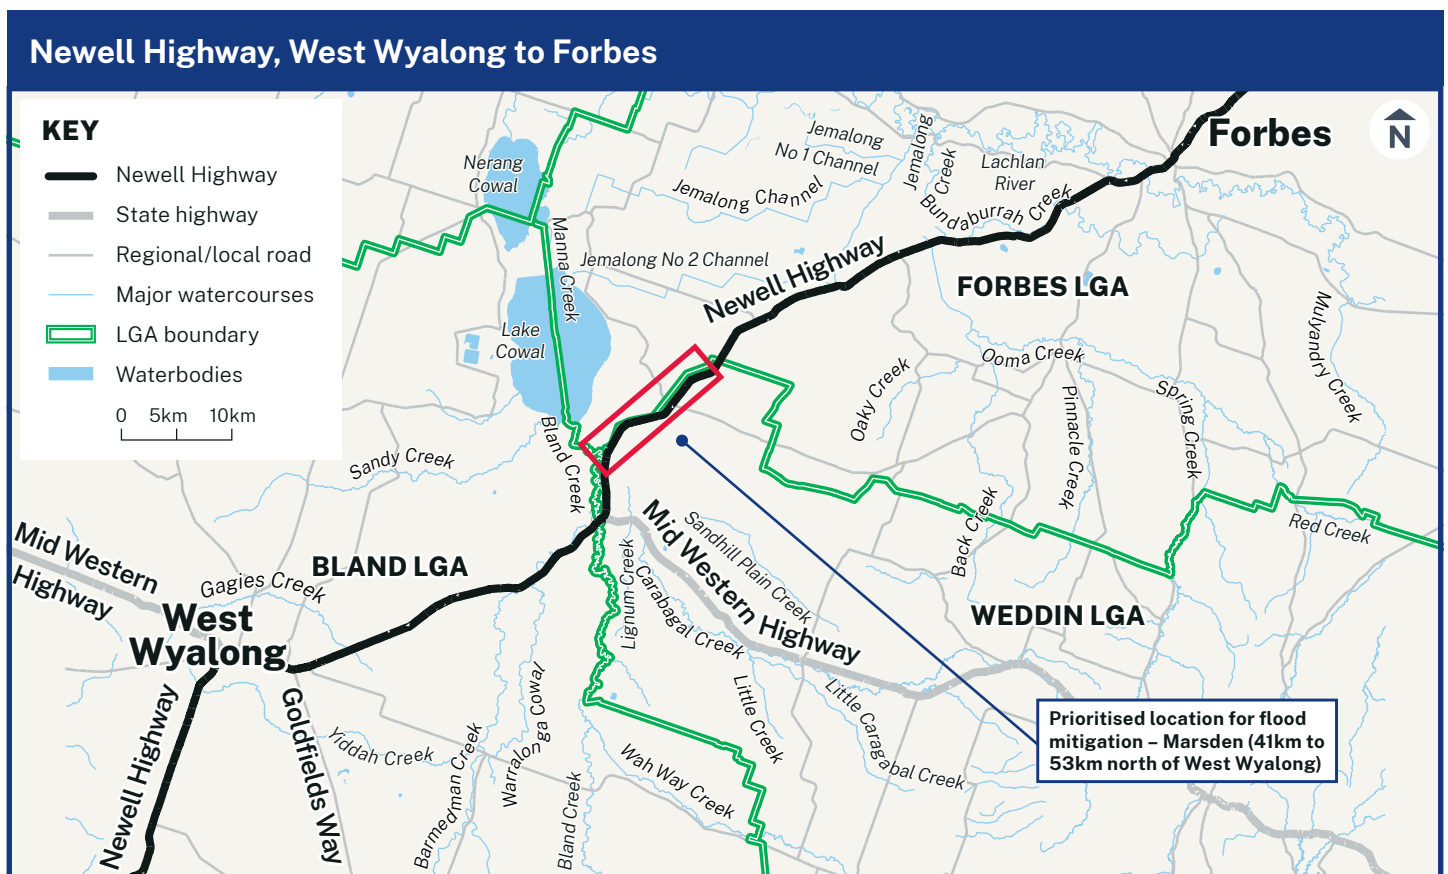

We are seeking community and stakeholder feedback to help inform the project design until **27 July 2023**.

We are also seeking flood records and photos to support the flood modelling for the project.

You can scan the QR code to complete this survey online, or upload your records on our online engagement portal at www.haveyoursay.nsw.gov.au/ww2f-flood-mitigation

If you prefer, you can email records to newell.upgrade@transport.nsw.gov.au or post them to us using the reply paid details provided.

Thank you for your contribution towards this important work.

Newell Highway Flood Mitigation – West Wyalong to Forbes

1. How would you describe your interest in this project? (please select all that apply)

- Property owner/resident between West Wyalong and Forbes
- Resident of West Wyalong
- Business owner/operator in West Wyalong
- Resident of Forbes
- Business owner/operator in Forbes
- Heavy vehicle driver
- Freight owner/operator
- Other (please specify)

2. Please provide your feedback on Transport for NSW’s proposed plans for flood mitigation on the Newell Highway between West Wyalong and Forbes.

We would value your insights on the treatments proposed at Marsden, along with any other ideas or comments on the project that you would like to provide.

3. Do you have any flood records from the 2022 or previous flood events that you would be willing to share with us to assist our continuing flood studies?

e.g. photographs of floodwaters, rainfall records (daily or other), record of the height floodwaters reached such as a flood mark on a building or fence.

Yes No

If yes, please provide a brief description of the flood records you will provide.

You can upload your photos/flood records on our online engagement portal at www.haveyoursay.nsw.gov.au/ww2f-flood-mitigation, email them to newell.upgrade@transport.nsw.gov.au or post them to us via reply paid post. Thank you for sharing your records with us.

4. If necessary, could a Transport for NSW officer contact you to discuss the information you have provided?

Yes – I have provided my contact details below No

5. Would you like to be added to our eNewsletter list to receive project updates?

Yes – I understand my details will be held only for the purposes of providing information on this project

No

Name

Email address

Address (optional)

Phone number (optional)

Thank you for your input. We will continue to consult with you as the project progresses.
