

# Erskineville Station Upgrade Community Update

Transport Access Program  
October 2023

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

**The Erskineville Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a station that is accessible to people with a disability, limited mobility, parents/carers with prams and customers with luggage.**

## What work will we be doing in November?

We will continue our work during the day on **Mondays to Fridays from 7am until 6pm**, and **from 8am until 1pm on Saturdays**.

The project is nearing completion and we will open shortly.

Activities include:

- Finishing work
- Bridge Street entrance work
- Landscaping
- Removing site materials.

## Planned out of hours work

We need to complete some of our work outside of our standard work hours.

These activities have been planned to be completed during scheduled Sydney Trains trackwork weekends.

This work is planned for **6am until 6pm Saturday 18 and Sunday 19 November 2023**.

## What will this mean for you?

You may notice:

- Workers and vehicles
- Traffic controllers and signage
- Footpath closures
- Pedestrian and cyclist detours with traffic controllers on site to guide you
- Noise from machinery and equipment.

## Changes to scheduled works

Work schedules are subject to change due to permits, weather, and site conditions. Further notification will be provided should there be a significant change to the construction program.

## Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- Reducing our noise as much as possible by using noise blankets where possible and replacing reversing beepers with clickers
- Directing lighting away from residential properties wherever possible.

We will also have traffic control and signage in place

Our contact details are on the next page.
