

Nowra Bridge project

Upcoming traffic changes

August 2023

Australian Government

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Nowra Bridge project will provide a new four lane bridge over the Shoalhaven River, and upgraded intersections and additional lanes on the Princes Highway. The \$342 million project is jointly funded by the NSW and Australian Governments.

Upcoming traffic switch for southbound traffic

From next week, southbound lanes on the Princes Highway between Bolong Road and Shearwater Way will shift east and begin travelling across the middle bridge.

This arrangement will be in place from **7am Thursday 17 August**, weather permitting, while we continue to carry out work replacing road pavement and constructing concrete medians.

Two southbound lanes will be maintained. Northbound lanes on the Princes Highway will not be affected.

Road users are advised to drive to the conditions and follow the directions of signs and traffic control.

Night work to prepare for the switch

To prepare for the traffic switch, pavement work and line marking will be carried out at night on the Princes Highway between Bolong Road and Shearwater Way.

While we will aim to minimise our impacts, nearby residences will experience some noise and traffic impacts over this period.

Work will be carried out at night between 6pm and 7am on **Tuesday 15 August and Wednesday 16 August**, weather permitting.

For the safety of workers and road users, both northbound and southbound traffic on the Princes Highway will be reduced to a single lane and a reduced speed limit of 40 km/h will be in place.

Local road access changes during night work

Access to Bolong Road, Bridge Road and Illaroo Road will be restricted and detours will be in place during the night work on **Tuesday 15 August and Wednesday 16 August**, weather permitting. Road users are advised to follow signs and directions from traffic control.

Bolong Road

During night work on **Tuesday 15 August and Wednesday 16 August**, Bolong Road will be closed between the Princes Highway and Beinda Street.

Light vehicles will be detoured via Beinda Street, and heavy vehicles will be detoured via Railway Street, then Cambewarra Road and Meroo Road.

Resident and business access will be maintained from the Beinda Street intersection with Bolong Road.

Bridge Road

During night work on **Wednesday 16 August**, Bridge Road will be closed between the Princes Highway and Hyam Street.

A detour will be in place for all vehicles via the Princes Highway, Moss Street and North Street during this closure.

Resident and business access will be maintained at all times via the southern end of Bridge Road.

Illaroo Road

In addition, during night work on **Wednesday 16 August**, Illaroo Road will be restricted to left in and left out movements at the intersection with the Princes Highway.

Southbound motorists will be detoured via Moss Street and North Street to access the left turn into Illaroo Road.

Transport for NSW thanks for the community for their patience as we carry out this work.
