

Changed traffic conditions on the Princes Highway

Nowra Bridge project

October 2023

Australian Government

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Due to recent wet weather and associated scheduling impacts, work to place the final layer of road pavement has been delayed.

When and where we'll be working

This work has been rescheduled and will take place at night between 7pm and 6am, from **Monday 9 October to Wednesday 18 October 2023**, weather permitting.

Work will be carried out on the Princes Highway between Mattes Way and Moss Street, and on sections of Bolong, Illaroo and Bridge roads.

What will this mean for you?

For the safety of workers and road users there will be single lane closures, stop/slow traffic conditions, and a reduced speed of 40 km/h during night work.

Road users are advised to drive to the conditions and follow the directions of signs and traffic control.

While we aim to minimise our impacts, nearby residents may experience some additional noise from vehicles and machinery.

Local road closures during night work

During some of this work, temporary closures of local roads will be required. Electronic signs will be in place to advise motorists of these detours in advance. Resident and business access will be maintained at all times.

Monday 9 October

Bolong Road will be closed between the Princes Highway and Beinda Street. Light vehicles detour via Beinda Street. Heavy vehicles detour via Railway Street, then Cambewarra Road and Meroo Road.

Wednesday 11 October

Heavy vehicles will be restricted from using Bridge Road between the Princes Highway and Hyam Street. Detour via the Princes Highway, and North and Moss streets.

Thursday 12 and Sunday 15 October

Bridge Road will be closed between Princes Highway and Hyam Street for two nights. Detour via the Princes Highway, and North and Moss streets.

Monday 16 to Wednesday 18 October

Pleasant Way will be closed for three nights. Detour via Shearwater Way.
