

Temporary closure: Lancelot Street and Prospect Highway intersection from 1 September

Prospect Highway Upgrade

August 2023

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is upgrading 3.6 kilometres of Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and help meet future traffic demands on this corridor.

When and where we'll be working

From 8pm Friday 1 September to 5am Monday 4 September and from 8pm Friday 8 September to 5am Monday 11 September, we will be closing the intersection of Lancelot Street and Prospect Highway (Blacktown Road), Blacktown to upgrade the current intersection. This closure will allow us to work safely.

What work are we doing?

This work will involve drainage work, excavation, placement of material, pavement construction, kerb and gutter installation, line marking and barrier installation.

Our work schedule

During this period, we will be working 24 hours a day to complete this work to get the intersection back open as quickly as possible.

What will this mean for you?

The night work will involve some use of noisy machinery. We will make every effort to lessen the disturbance where possible, completing noisier work earlier in the evening and turning off vehicles when not in use.

Traffic Changes

To complete works at the intersection of Lancelot Street and Prospect Highway, access will be closed between Friday 1 September to Monday 4 September and Friday 8 September to Monday 11 September.

Detour:

Access to Lancelot Street from Prospect Highway southbound and reverse trip will be via a detour of Keyworth Drive and Harrod Street. This will add an extra two-minutes to travel time.

Access to Lancelot Street from Prospect Highway northbound will remain the same.

Electronic message signs will be activated in both directions. Traffic control will be in place during work hours for the safety of workers and road users.

Motorists should follow signs and the traffic controller's direction and allow extra time as there may be minor delays.

Please refer to the maps below for the work location and detour information.

Location of work area

Detour to Prospect Highway
