

Transport for NSW

Redfern Station Upgrade

Upcoming rectification work

Saturday 2 to Monday 4 December

During the trackwork weekend above, our team will complete rectification work, including activities involving the station's electrical systems.

Some of this work needs to occur during the following period, while trains services aren't operating:

- **6am Saturday 2 to 6am Monday 4 December 2023.**

Scheduling our work during a Sydney Trains trackwork period enables our construction team to safely carry out essential activities, while minimising our impacts.
