

# Sutherland to Cronulla Active Transport Link - Stage 2 East

## Community notification

October 2023

Transport for NSW acknowledges the Dharawal people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Sutherland to Cronulla Active Transport Link (SCATL) is a pedestrian and bicycle path between Sutherland and Cronulla to help make walking and bike riding a more convenient and enjoyable transport option.

### What are we doing?

We are currently constructing the active transport link between Taren Point Road and Kareena Road, Caringbah.

As part of this work, we will need to remove some trees and vegetation on Kingsway, near Hinkler Avenue. We will start work on **Monday 30 October 2023**, weather permitting, to remove overhead branches, trees and tree stumps and chipping.

Please see the location map on page 2.

### Replanting and landscaping

For detail on tree replanting and landscaping work, please visit the project website at: [nswroads.work/scatl](https://nswroads.work/scatl).

### What will this mean for you?

We will be using a range of equipment including chainsaws, chipping trucks, excavators, dump truck, concrete trucks and pumps, working trucks, vacuum trucks, power tools and hand tools.

### Our work schedule

Our work hours are 7am to 6pm, Monday to Friday and between 8am and 1pm on Saturdays.

### Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- completing the noisiest work first each shift
- turning off equipment when not in use and using non-tonal reversing beepers.

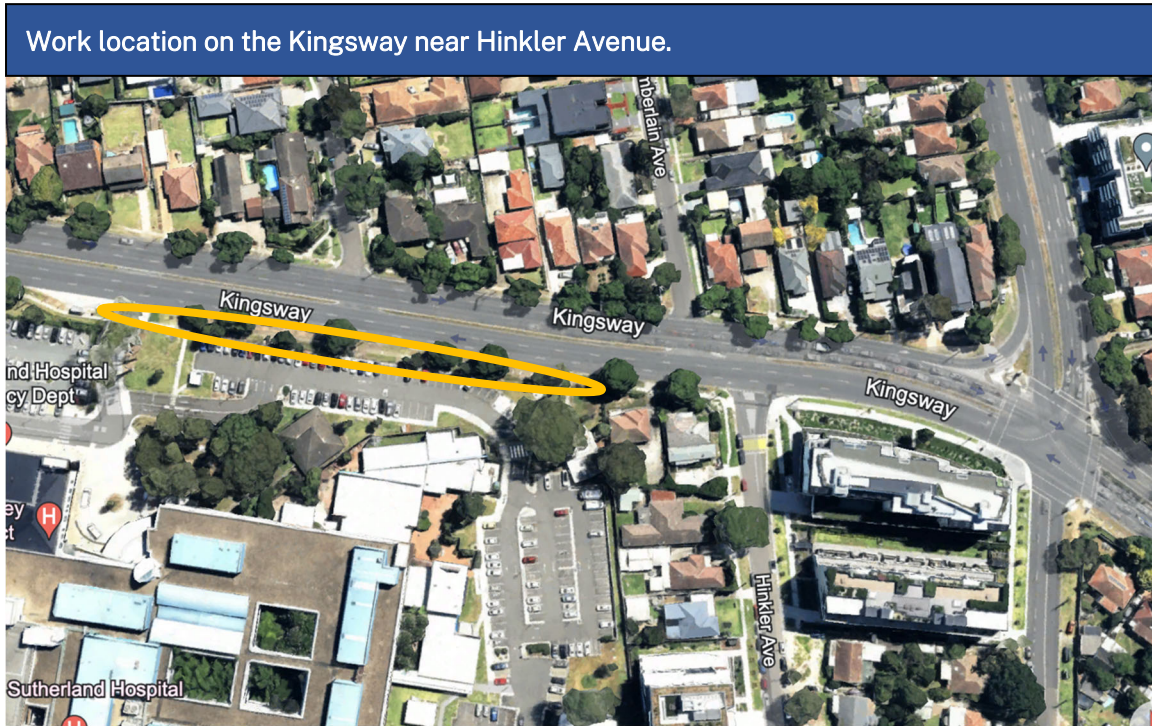

### Traffic changes

Temporary traffic changes and lane closures will be in place to ensure the work zone is safe during night work.

Motorists are asked to take extra care, keep to displayed speed limits and observe traffic controls and signage when travelling through work areas.

For the latest traffic updates, you can call **132 701**, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.
