

# Sutherland to Cronulla Active Transport Link - Stage 2 East

Community notification | March 2023

The Sutherland to Cronulla Active Transport Link (SCATL) is a pedestrian and bicycle path linking Sutherland to Cronulla.

## Stage 2 East continuing early works

Early works are continuing during March 2023. From **7am Thursday 23 March** early work activities taking place between Miranda Avenue and Carramar Crescent, Miranda include:

- Set up a temporary work area with fencing and barriers (adjacent to Malvern Road reserve)
- Site photography and surveying
- Installing erosion and sediment controls.

Equipment to be used includes delivery trucks, power tools and hand tools.

## Construction hours

Standard construction hours are from **7am to 6pm Monday to Friday**, excluding public holidays. We will notify nearby residents and businesses in advance if we need to work outside these days and times.

## Temporary construction compound

In response to community feedback, we will no longer be setting up a temporary site compound on Transport land at the north-east corner of Sylvania Road and Kingsway, Miranda.

Sydney Civil will be operating a temporary site compound including worker facilities and parking from a commercial unit at 58 Box Road, Taren Point. Any changes will be notified in advance to local residents.

## How will the work affect you?

Our work may be noisy at times. We will work with nearby residents and provide notification ahead of work in the area and do everything we can to minimise impact.
