HELP TO KEEP YOUR CHILD SAFE

Do you always hold your child's hand when you're out and about near roads?

On the footpath, crossing the road or in a car park or driveway, always hold your child's hand until they're at least 10 years old.

Is your child sitting safely in the right car seat for their age and size?

In the car always check your child is buckled up safely in the right car seat for their age and size, and that the car seat is correctly-fitted to the car.

Do you check your child's helmet before they go riding?

Make sure your child always wears a correctly-fitted helmet and that they ride in a safe place.
