

# Sefton Park Junction Infrastructure Upgrade

## Upcoming night work

As part of the More Trains, More Services project on the Sefton Park Junction Infrastructure Upgrade, some deliveries will arrive to site via Wellington Road **between 1am and 6am on Friday 13 January 2023**.

This work has been scheduled outside of standard construction hours when traffic flow is reduced to minimise disruptions to motorists and improve the safety of the community and staff. Traffic control will be in place to ensure the safety of commuters, motorists, pedestrians and workers.

From 2023, we will no longer be distributing paper notifications unless specifically requested. Instead, we will be digitally distributing construction updates to project-specific email lists.

For all future updates about construction work and impacts associated with this project, please visit [yoursay.transport.nsw.gov.au/mtms-seftonpark](https://yoursay.transport.nsw.gov.au/mtms-seftonpark)

We would like to thank you, our closest neighbours, for your ongoing support as we work to deliver an improved rail network.
