

Changes to work on Railway Parade from 29 September

Medlow Bath Upgrade

September 2023

Australian Government

Transport for NSW pays respect to the Darug and Gundungurra people as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Medlow Bath Upgrade will reduce congestion and improve safety and accessibility for all road users, commuters, and pedestrians.

Transport for NSW is continuing work on the Medlow Bath Upgrade, between Railway Parade and south of Bellevue Crescent.

What work are we doing?

Railway Parade construction is progressing and our next stage of work includes:

- Installing drainage and utilities under the railway corridor and highway to Railway Parade
- Carrying out earthwork and pavement work
- Constructing the footpath
- Completing new car spaces on Railway Parade
- Installing traffic controls
- Continuing to build the sediment basin.

When and where we'll be working

We'll be continuing work from **29 September** for around five weeks, weather permitting.

Work hours are from **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturday**. We don't plan any work on Sundays or public holidays.

We have included a map over the page to show the location of work activities.

What will this mean for you?

We will re-open a section of Railway Parade from the Rural Fire Station to the sediment basin on 29 September. See map over page for details.

We acknowledge the extended closure of Railway Parade and the impacts this has on the community. In order to accelerate works and minimise ongoing impacts **we will temporarily close the intersection of Railway Parade and Park Street to vehicles from 29 September for five weeks**, weather permitting.

A detour will be in place via Atlingworth Parade, Portland Road and St Albans Road. The bus stop will remain open at the U-turn bay at the intersection of Railway Parade and Park Street.

You may also notice noise from machinery and equipment during work hours.

Traffic control will be in place on Railway Parade to ensure the safety of pedestrians, motorists and our workers.

Pedestrian access will be maintained along Railway Parade to the park, Potbelly Café and the station.

Pedestrians, including school children, should follow the direction of traffic controllers for safety.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- Providing a pedestrian pathway along Railway Parade
- Turning off machinery and vehicles not in use
- Arranging work in stages at different locations.

We have also taken on board feedback from the community and revised the parking design near Medlow Park and the café to avoid trees and improve local amenity.

Location of work area

Traffic Impacts

Traffic control will be in place, including a detour, stop/slow operations (temporary traffic lights) and a reduced speed limit of 40km/h. Sections of the road will be closed where necessary to allow work to be carried out safely on Railway Parade. Road users are advised to slow down and follow the directions of signs and traffic control.

For traffic updates, call 132 701, download the Live Traffic NSW App or visit livetraffic.com. We understand that this work may be inconvenient, and we thank you for your patience. If there is any way we can support you during these works, please let us know.
