

## More Trains, More Services

Shellharbour, Coniston, Wollongong, Thirroul, Kembla Grange and Port Kembla North

March - April 2023

The More Trains, More Services program is delivering platform extensions and rail asset upgrades between Sydney's CBD and the South Coast to support the introduction of the Mariyung fleet.

### What work are we doing?

Throughout March and April 2023, we will be completing work across several locations.

#### *Shellharbour*

- Rectification of wayfinding signage and fencing
- Spoil removal.

#### *Coniston and Wollongong*

- Completing site investigation work
- Installation of overhead wiring, signalling equipment, and buried low voltage supply route
- Removal of track equipment
- Installation of signage and lighting
- Construction of the turnback driver walkway
- Rectification work involving cables under Coniston Bridge
- Removal of redundant cables under Coniston Bridge, at Coniston Station, and Wollongong Yard
- Vegetation removal.

#### *Thirroul*

- Completing signage, fencing, and signalling work at the Thirroul Stabling Yard.

#### *Kembla Grange*

- Completing cable work and electrical upgrades
- Replacing overhead wiring and existing overhead wiring infrastructure involving piling and bridge foundation work
- Steelwork installation.

#### *Port Kembla North*

- Completing low voltage wiring work

- Installation of new supply cables and lighting poles
- Installation and replacement of signalling equipment.

### Standard construction hours

Standard construction hours are **7am to 6pm, Monday to Friday and 8am to 1pm Saturday.**

### Weekend work

We will be completing some weekend work in March and April between:

- **4pm Friday 3 March and 3am Monday 6 March 2023** at Kembla Grange
- **6am Friday 7 April and 6am Monday 10 April 2023** at Wollongong, Coniston, and Thirroul.

### Why we work outside of standard construction hours

We schedule work outside of standard construction hours during Sydney Trains trackwork periods when no trains are running, minimising disruptions to commuter services and improving the safety of our construction team and customers.

### What will this mean for you?

We understand construction activities may cause disruption to our neighbours and every effort is made to minimise impacts where possible.

You may notice:

- workers and vehicles
- traffic control
- noise from machinery and equipment.

### Temporary parking changes

Between **Monday 3 April and Friday 21 April 2023**, we will require the use of approximately 18 commuter car parking spaces and approximately 6 street parking spaces on Miller Street at Coniston, for the safe delivery of machinery, equipment and site shed into the rail corridor.

Traffic control will be in place to minimise disruptions to motorists and signage will be installed in advance to reserve these spaces.

### Postponed or cancelled work

Due to several factors associated with work in the rail corridor, there is always a possibility that some of our planned work may be postponed or cancelled. If you would like to be updated on cancelled work, please contact us through the formal avenues listed below.

### Managing our impacts

We understand construction activities may cause disruption to our closest neighbours, so every effort will be made to minimise the impacts where possible, including:

- turning off equipment when not in use and using non-tonal reversing alarms to reduce potential noise impacts
- locating equipment as far away from residents and businesses as possible
- directing lighting away from residents
- conducting on-site monitoring to enable compliance with strict environmental conditions relating to noise, vibration and dust management.

### We are going digital

We are committed to integrating sustainable practices into our projects and reducing environmental impacts.

In 2023, we will no longer distribute hard copy notifications to residents on this project unless requested.

Please contact us if you would like to sign up to receive project updates via email.

If our work is anticipated to directly impact your property and we do not have your contact details, we will still distribute a paper notification to your address to ensure you are aware of upcoming activities.
